la couverture indique alan nadel s new book reminds us that most of the images  
on early tv were decidedly caucasian and directed at predominantly white  
audiences television did not invent whiteness for america but it did reinforce it as  
the norm particularly during the cold war years nadel now shows just how  
instrumental it was in constructing a narrow conservative and very white vision of  
america during this era prime time tv was dominated by adult westerns with  
heroes like the rebel s johnny yuma reincarnating southern values and bonanza s  
cartwright family reinforcing the notion of white patriarchy programs that nadel  
shows bristled with cold war messages even as they spoke to the nation s  
mythology america had become visually reconfigured as a vast ponderosa  
crisscrossed by concrete highways designed to carry suburban white drivers  
beyond the moral challenge of racism racial poverty and increasingly vocal civil  
rights demands
