the past twenty years have seen a new generation of artists working together in small groups and large collectives to explore new avenues of art design performance and commerce in come together author and visual artist francesco spampinato assembles an international roster of forty of today s most exciting and influential collectives from design

studios like project projects and political performance artists the yes men to flash mob provocateurs improv everywhere and the multimedia artists assume vivid astro focus alongside visual portfolios of their best work are in depth interviews addressing each group s unique motivations processes and objectives what emerges is a shared desire to turn viewers into producers and to use commercial mass media strategies to challenge prevailing social political and cultural power structures come together is an essential resource and inspiration for students art lovers and anyone interested in the cutting edge of visual culture

this book takes an imaginative approach to visual identity

this book examines the relationship between social practices and built space focusing on current cooperative participative and posthuman approaches to its production and management from a social cultural and ecological perspective it explores the modes of engagement of all factors in the constitutional processes of inhabited space throughout this interdisciplinary collection built space is reconsidered in the light of other schools of thought such as philosophy anthropology social sciences and political theories and practices it covers new ground at conceptual epistemic and methodological levels focusing on inhabited space from within the framework of globalisation biopolitics cultural changes environmental crisis and new technologies organised into three parts parts 1 and 2 focus on the role of architects in the emergence of a new ethos for habitation as well as the modalities of the inclusion of differences in design discussing the importance of participation and narrative at a theoretical and practical level in architecture in the third part the chapters delve into questions regarding the intersection of design ecology and technoscience in a posthuman approach which might support the inclusion of differences in design and the emergence of a new environmental ethos providing a stimulating landscape of arguments and challenges to new readings of architecture society and the environment this book will be of interest to researchers students and professionals of architecture urban planning anthropology and philosophy

the iaspis forum on design and critical practice has comprised an exhibition an

international seminar and now a publication on investigative speculative and critically oriented design the reader is based on four conversations between graphic designers about various aspects of design relating to their practices it also contains a number of interviews and other texts linked to these conversations and a broader discussion about design and transboundary practice book jacket

monogramme anagramme werbung public relations insertionswesen kinoreklame inserat plakat anzeige corporate identity public relations Öffentlichkeitsarbeit grafik

based on the popular design issues column in communication arts this anthology of brilliantly conceived mind teasers explores how design communicates with rubs itself against and sometimes stumbles around the real world here are some of the column s most intriguing and provocative selections taken from an unorthodox mix of over 20 contributors covering a range of subjects from designing a corporate identity to the philosophical dimensions of art upbeat and entertaining it s sure to capture the attention of artists illustrators and designers

this publication presents three recent proposals by artist hans van houwelingen and through their mediation one of the most remarkable discourses on public art in the netherlands what s done can be undone is the proposed exchange of place between the statues of johan rudolph thorbecke and baruch spinoza sitting in amsterdam and the hague respectively correcting the historical inaccuracy in their placement could trigger a crucial reevaluation of the politician s and the philosopher s legacies in relation to today s political and moral unrest sluipweg relocates over 300 disinterred tombstones as a footpath circling the ramparts of fort vijfhuizen a defense construction rendered obsolete the very moment it was completed by advancements in military technology the work collapses two forms of death and two ways in which death absents the categories we employ to make sense of it
