through attuned close readings this volume brings out the imaginative and formal brilliance of percy bysshe shelley s writing as it explores his involvement in processes of dialogue and influence shelley recognizes that poetic individuality is the reward of connectedness with other writers and cultural influences a great poem is a fountain forever overflowing with the waters of wisdom and delight he writes and after one person and one age has exhausted all its divine effluence which their peculiar relations enable them to share another and yet another succeeds and new relations are ever developed the source of an unforeseen and an unconceived delight a defence of poetry he is among the major romantic poetic exponents and theorists of influence because of his passionately intelligent commitment to the onward dissemination of ideas and feelings and to the unpredictable ways in which poets position themselves and are culturally positioned between past and future the book has a tripartite structure the first three chapters seek to illuminate his response to representative texts figures and themes that constitute the triple pillars of his cultural inheritance the classical world plato renaissance poetry spenser and milton christianity and in particular the concept of deity and the bible the second and major section of the book explores shelley s relations and affinities with as well as differences from his immediate predecessors and contemporaries hazlitt and lamb wordsworth coleridge southeby byron keats including the influence of dante on shelley s elegy for his fellow romantic and the great painter j m w turner with whom he is often linked the third section considers shelley s reception by later nineteenth century writers figures influenced by and responding to shelley including beddoes hemans landon tennyson and swinburne a coda discusses the body of critical work on shelley produced by a c bradley a figure who stands at the threshold of twentieth century thinking about shelley

it is easy to find alarming statistics on escalating violence addiction and economic inequality in developed countries and stubborn poverty in the third world the fascinating question has to do with cause new york times 1 bestselling authors richard and linda eyre s new book the turning why the state of the family matters and what the world can do about it

contends that the social and economic challenges faced not only in the united states but throughout the world are the direct result of an unprecedented and widespread turning away from family the negative effects of this turning are apparent in the youth of the world today in são paulo brazil more than 1 2 million street children are addicted to cocaine suicide is the third leading cause of death for american fifteen to twenty four year olds great ormond street hospital in london has treated girls as young as seven or eight for eating disorders in ethiopia nearly half of the children under the age of six work 30 hour weeks and in the past year there have been over 64 school shootings in the u s equaling more than one shooting a week the turning uses research findings statistics like those listed above and the eyres personal experiences at home and abroad to show that families are essential to the survival and success of civilization with the well being of the world at risk the turning will move readers in a way that will raise personal reflection discussion and action to return the family to its necessary position as the recognized and prioritized basic unit of society but far more than a book of statistics and political suggestions this is a book for parents parents who want to better understand the world their children are growing up in and who want to create a family culture that is stronger than the internet culture the peer culture and all the other influences that flurry around our children every day as thomas friedman s the world is flat opened our eyes to the cause and effect aspects of the global economy the turning will open the eyes of readers across the world to the means and ends connections between stable families and households and the world s ability to meet its social and economic challenges as harvard s clayton christensen and best selling author of the innovator s dilemma states this book gives us a common cause and a clear way to frame and explain the causality of today s problems in the spirit of friedman s the world is flat richard and linda eyre examine the connections between the world s mounting social problems and the breakdown of families and look deeply at the root causes of family disintegration the false paradigms that confuse the priorities of parents and influence the kind of policies and practices in larger institutions from media to government that threaten families both economically and emotionally

through a range of case studies from eastern and western europe this book breaks new ground in investigating the extent to which european peoples living within europe were also subjected to the ideologies and practices of colonialism
