enhancing our understanding of how people and places are affected by globalization at the level of everyday interactions within nordic peripheries this book sheds light on local particularities as well as global confluences by illuminating how gender mobility and belonging contribute to ruptures and or stability in the lives of men and women living in and or moving within these northern localities crossing disciplinary and geographical boundaries the focus of the book is specifically on how global processes shape and influence the nordic countries at the social level denmark norway sweden iceland finland as well as the faroe islands the book starts from the premise that the nordic peripheries offer an especially powerful lens on peripherality in a globalized and globalizing world because the region as a whole is traditionally perceived as relatively affluent stable and with high levels of social equality yet as the different chapters in the book demonstrate with case studies that illuminate diverse gendered processes globalization produces ruptures and new social constellations also at the rims of nordic societies well beyond the cushioning of comprehensive social welfare regimes by elevating the empirical findings to more general debates about the gendered effects of globalization the book invites the reader to reflect upon not only nordic particularities but also how insights from this part of the world can be instructive for understanding the nuances and complexities of global confluences at large

novel food regulation is already in force in the european community australia new zealand and in canada these regulations distinguish between traditional plant foods and novel plant foods as the novel plant foods need to go through a premarket assessment procedure this report focus on developing a proposal for definitions and criteria for determining if a plant food is traditional or novel and a proposal for an approach for the safety assessment of such plant foods with no or limited documented history of safe consumption the report recommend to introduce a 2 step management procedure first to establish the novelty and secondly to define and commit resources for the safety assessment and recommend to generate and use a worldwide net of global regional local and ethnobotanical positive lists for food plants to guide both the decision on novelty and the safety assessment the report recommends using the history of use concept and if the data submitted can support the claim that a product has a history of safe use the approval can be straightforward in europe around 300 food plants deliver near 100 of human daily intake of plant food calories while nearly 7 000 other food plant species are used in other parts of the world this report focuses on the situation when novel food items from these 7 000 plants are to enter the european or other regional market

this white paper is part of a series that promotes knowledge about language technology and its potential it addresses educators journalists politicians language communities and others the availability and use of language technology in europe varies between languages consequently the actions that are required to further support research and development of language technologies

also differ for each language the required actions depend on many factors such as the complexity of a given language and the size of its community meta net a network of excellence funded by the european commission has conducted an analysis of current language resources and technologies this analysis focused on the 23 official european languages as well as other important national and regional languages in europe the results of this analysis suggest that there are many significant research gaps for each language a more detailed expert analysis and assessment of the current situation will help maximise the impact of additional research and minimize any risks meta net consists of 54 research centres from 33 countries that are working with stakeholders from commercial businesses government agencies industry research organisations software companies technology providers and european universities together they are creating a common technology vision while developing a strategic research agenda that shows how language technology applications can address any research gaps by 2020

bogens emne er uddannelse af indvandrerbørn og den viser at et ensidigt fokus på daginstitutioner og skoler eller på den sproglige side af børnenes udvikling giver et forvrænget billede af børnenes liv forfatterne ser på alle beslutninger om indvandrerbørnenes uddannelse som en del af den generelle politik vedrørende indvandrere og den bygger ikke altid på det som ifølge forskningen er det bedste for det enkelte indvandrerbarn
