a familiar compound ghost explores the relationship between allusion and the uncanny in literature an unexpected echo or quotation in a new text can be compared to the sudden appearance of a ghost or mysterious double the reanimation of a corpse or the discovery of an ancient ruin hidden in a modern city in this scholarly and suggestive study brown identifies

moments where this affinity between allusion and the uncanny is used by writers to generate a particular textual charge where uncanny elements are used to flag patterns of allusion and to point to the haunting presence of an earlier work a familiar compound ghost traces the subtle patterns of connection between texts centuries even millennia apart from greek tragedy and latin epic through the plays of shakespeare and the victorian novel to contemporary film fiction and poetry each chapter takes a different uncanny motif as its focus doubles ruins reanimation ghosts and journeys to the underworld

practitioners who deal with japanese law have put great store by earlier editions of this major work which systematically compares united states us law and japanese law across all the major fields of legal practice this fourth revised edition updates the work with the continuing dramatic changes in japan s legal system including changes in criminal trials disclosures to defense counsel of evidence to be used by the prosecution the increasing use of recordings of interrogation sessions and the impact of the indigenous movement for judicial reform all chapters have been updated in the fourth revised edition which follows the same comparative structure as formerly author carl goodman an internationally known authority with extensive experience in international practice university teaching in both japan and the us and us government service takes expert stock of new developments including the following the cabinet s declaration reinterpreting the renunciation of war clause in the constitution and legislation following such reinterpretation interpretation of new rules for international jurisdiction of japanese courts including the new law s effect on mirror image lawsuits filed in japan the supreme court s rulings dealing with the presumption of paternity the waiting period for remarriage after divorce and inheritance rights of out of wedlock children international and domestic japanese child custody unanticipated consequences of criminal trials before the new mixed lay professional panels debate concerning the emperor s announcement of his desired abdication and an update of japan s experiment with new graduate legal faculties although the alteration of the legal landscape in japan is highly visible the author does not hesitate to raise questions as to how far reaching the changes really are in almost every branch of the new japanese legal practice he uncovers ways in which laws and judicial rulings are closely qualified and are likely to present challenges in any given case he reminds the reader in each chapter that what you see may not be what you get for this reason and for its comprehensive coverage this new edition is sure to gain new adherents as the best informed practical guide for non japanese lawyers with dealings in japan

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america

japan has few natural resources but its economy is the second largest in the world this book examines business practices and government policies which have contributed to the phenomenal growth of the japanese economy since the early 1960s

this is a curated and comprehensive collection of the most important works covering matters related to national security diplomacy defense war strategy and tactics the collection spans centuries of thought and experience and includes the latest analysis of international threats both conventional and asymmetric it also includes riveting first person accounts of historic battles and wars some of the books in this series are reproductions of historical works preserved by some of the leading libraries in the world as with any reproduction of a historical artifact some of these books contain missing or blurred pages poor pictures errant marks etc we believe these books are essential to this collection and the study of war and have therefore brought them back into print despite these imperfections we hope you enjoy the unmatched breadth and depth of this collection from the historical to the just published works

this book provides an enlightening comparative analysis of japan s and italy s political cultures and systems economics and international relations from world war ii to the present day it addresses a variety of fascinating questions ranging from the origins of the authoritarian regimes and post war one party rule in both countries through to japan s and italy s responses to the economic and societal challenges posed by globalization and their international ambitions and strategies similarities and differences between the two countries with regard to economic development models the relationship of politics and business economic structures and developments and international relations are analyzed in depth this innovative volume on an under researched area will be of great interest to those with an interest in italian and japanese politics and economics

this book highlights recent education research on japan based on sociological and other related approaches to historical developments and accomplishments written primarily by members of the japan society of educational sociology it brings to light concerns and viewpoints that have grown out of the japanese educational context by focusing on uniquely japanese educational research phenomena the book offers international readers new insights and contributes to the international debate on education it may help sociologists and social scientists outside japan gain a deeper understanding of ongoing

changes in education in japan as well as its historical and structural contexts

sparked by the confluence of accelerating domestic transformation and increasingly explicit impacts from globalization the japanese education system has undergone tremendous changes during the turbulence of the past decade this volume which brings together some of the foremost scholars in the field of japanese education analyzes these recent changes in ways that help us reimagine japan and japanese educational change at this critical juncture rather than simply updating well worn western images of japan and its educational system the aim of the book is a much deeper critical rethinking of the outmoded paradigms and perspectives that have rendered the massive shifts that have taken place in japan largely invisible to or forgotten by the outside world this reimagining thus restores japan to its place as a key comparative link in the global conversation on education and lays out new pathways for comparative research and reflection ranging widely across domains of policy and practice and with a balance of japanese and foreign scholars the volume is also indicative of new directions in educational scholarship worldwide approaches that center global interactions on domestic education and contribute to a far greater recognition of the polycentric polycontextual world unfolding today this book will be of keen interest to scholars of education worldwide as well as those working in and across anthropology sociology policy studies political science and area studies given that contemporary transformations in japan at once reflect and approximate political social and educational shifts occurring throughout the world in the early decades of the 21st century

the authors of this book have joined together for a third time to produce a book on japanese political parties and elections the first two books under the title of the japanese party system were also published by westview press in 1986 and 1992 this book japan s new party system has a different purpose than the previous volumes the first two books had as their task the presentation of a vast amount of material on the various parties of the 1955 1993 party system since 1955 japanese politics and parties had been rather uneventful and predictable consequently many japanese political scientists preferred to study other nations decade after decade the liberal democratic party ldp ruled japan while the permanent opposition party the japan socialist party gsp revolved around it but could never even come close to replacing it in power on the national level all of this changed in 1993 after the lop split new parties emerged and formed a non lop government and a new party system began this book is about the second party system and how japanese politics has changed from the old lop dominated first party system

this is a nuts and bolts textbook in the best sense of the term it is bound to be a great boon both to teachers and students of contemporary japanese politics from the foreword by haruhiro fukui this timely volume is the first book in nearly twenty five years to focus on the party system of japan in the past two decades the japanese political scene has undergone a dramatic

transformation what had been a two party system proliferated during the 1960s and 1970s into a seven party system this book provides a comprehensive look at all of japan s current major and minor national level parties for the first time in english detailed analyses are presented on the democratic socialists the clean government party kÅmeitÅ and the new liberal club thorough coverage is provided for parties in the 1955 system the ruling liberal democratic party and the two long term opposition parties the socialists and the communists many of the new miniparties that have appeared in recent elections are also discussed japanese political parties gives readers a solid understanding of party histories leadership and internal organization as well as a look at prospects for the future the party discussions are preceded by three chapters on the laws and political forces affecting japanese politics chapter 1 describes the basic characteristics of the japanese party system since 1945 and provides an overview of japanese voting behavior and political values chapter 2 describes the rules of the game the electoral laws and discusses the ongoing political problem of malapportionment chapter 3 interprets data on political finance in contemporary japan along with a wealth of information and interpretation the authors offer insight into the common patterns japan shares with democracies around the world placing the japanese system within the larger context of world party systems designed for courses on japanese politics this text should also prove useful to students of comparative politics and political parties
