between jesus and the market looks at the appeal of the christian right wing movement in contemporary american politics and culture in her discussions of books and videotapes that are widely distributed by the christian right but little known by mainstream americans linda kintz makes explicit the crucial need to understand the psychological makeup of born again christians as well as the sociopolitical dynamics involved in their cause she focuses on the role of religious women in right wing christianity and asks for example why so many women are attracted to what is often seen as an antiwoman philosophy the result a telling analysis of the complexity and appeal of the emotions that matter to many americans highlights how these emotions now determine public policy in ways that are increasingly dangerous for those outside familiarity's circle with texts from such organizations as the christian coalition the heritage foundation and concerned women for america and writings by elizabeth dole newt gingrich pat robertson and rush limbaugh kintz

traces the usefulness of this activism for the secular claim that conservative political economy is in fact simply an expression of the deepest and most admirable elements of human nature itself the discussion of limbaugh shows how he draws on the skepticism of contemporary culture to create a sense of absolute truth within his own media performance its truth guaranteed by the market kintz also describes how conservative interpretations of the holy scriptures the u s constitution and the declaration of independence have been used to challenge causes such as feminism women s reproductive rights and gay and lesbian rights in addition to critiquing the intellectual and political left for underestimating the power of right wing grassroots organizing corporate interests and postmodern media sophistication between jesus and the market discusses the proliferation of militia groups christian entrepreneurship and the explosive growth and selling of the promise keepers

alexander schieffer and ronnie lessem introduce a groundbreaking development framework and process to address the most burning issues that humanity faces while conventional top down outside in development has reached a cul de sac a new integral form of development is emerging around the world integral development uniquely articulates this emergent approach and invites us to fully participate in this process the integral approach has been researched and framed over decades of in depth experience in transformative development education and practice all over the world it uniquely combines four mutually reinforcing perspectives nature and community culture and spirituality science systems and technology and enterprise and economics conventional development theory and practice has prioritized the latter two perspectives neglecting the former two this has caused massive imbalances in today s world the four interconnected perspectives allow for a transformative and integrated engagement with core development issues in a way that is locally relevant and globally resonant throughout the practical impact of integral development is brought to

life through highly innovative cases from around the globe drawing on the authors first hand experience this makes the book a living demonstration of the power of this pioneering approach integral development shows how individual organizational and societal developments need to be interconnected to release a society s full potential it shifts the responsibility for large scale development from often distant experts and organizations to each individual community enterprise and institution within the society it is essential reading and a call to action for everyone concerned with the current state of local and global development

weaving threads of jungian analysis with anthropology therapist jed diamond illustrates men s tendencies toward anger and violence from the days of hunter gatherers diamond suggests a revolutionary plan to help men use their strengths to create a better world

the complex material histories of the nintendo entertainment system platform from code to silicon focusing on its technical constraints and its expressive affordances in the 1987 nintendo entertainment system videogame zelda ii the adventure of link a character famously declared i am error puzzled players assumed that this cryptic message was a programming flaw but it was actually a clumsy japanese english translation of my name is error a benign programmer s joke in i am error nathan altice explores the complex material histories of the nintendo entertainment system and its japanese predecessor the family computer offering a detailed analysis of its programming and engineering its expressive affordances and its cultural significance nintendo games were rife with mistranslated texts but as altice explains nintendo s translation challenges were not just linguistic but also material with consequences beyond simple misinterpretation emphasizing the technical and material evolution of nintendo s first cartridge based platform altice

describes the development of the family computer or famicom and its computational architecture the translation problems faced while adapting the famicom for the u s videogame market as the redesigned entertainment system nintendo s breakthrough console title super mario bros and its remarkable software innovations the introduction of nintendo s short lived proprietary disk format and the design repercussions on the legend of zelda nintendo s efforts to extend their console s lifespan through cartridge augmentations the famicom s audio processing unit apu and its importance for the chiptunes genre and the emergence of software emulators and the new kinds of play they enabled
