this book analyzes the position of the icc in relation to national court systems the research illustrates that what seemed to be a straight forward relationship between the icc and national courts under the complementarity mechanism proves to be much more complex in practice using the referrals of uganda and darfur the book demonstrates ways in which it might be possible to prosecute for crimes currently not prosecuted by the icc and brings to light possible solutions to overcome the gaps in law and practice in the

jurisdictional relation between the icc and national systems it will be of value to academics students and policy makers working in the area of international law international organizations and human rights

does your workplace have too few black people in top jobs it s racist does the advanced math and science high school in your city have too many asians it s racist does your local museum employ too many white women it s racist too after the black lives matter protests of 2020 prestigious american institutions from the medical profession to the fine arts pleaded guilty to systemic racism how else explain why blacks are overrepresented in prisons and underrepresented in c suites and faculty lounges their leaders asked the official answer for those disparities is disparate impact a once obscure legal theory that is now transforming our world any traditional standard of behavior or achievement that impedes exact racial proportionality in any enterprise is now presumed racist medical school admissions tests expectations of scientific accomplishment in the award of research grants the enforcement of the criminal law all are under assault because they have a disparate impact on underrepresented minorities when race trumps merit provides an alternative explanation for those racial disparities it is large academic skills gaps that cause the lack of proportional representation in our most meritocratic organizations and large differences in criminal offending that account for the racially disproportionate prison population the need for such a corrective argument could not be more urgent federal science agencies now treat researchers skin color as a scientific qualification museums and orchestras choose which art and music to promote based on race police officers avoid making arrests and prosecutors decline to bring charges to avoid disparate impact on minority criminals when race trumps merit breaks powerful taboos but it is driven by a sense of alarm supported by detailed case studies of how disparate impact thinking is jeopardizing scientific progress destroying public order and poisoning the appreciation of art and culture as long as alleged racism remains the only allowable explanation for racial differences we will continue tearing down excellence and putting lives as well as civilizational achievement at risk

this book analyses the compatibility of data retention in the uk with the european convention on human rights echr the increase in the use of modern technology has led to an explosion of generated data and with that a greater interest from law enforcement and intelligence agencies in the early 2000s data retention laws were introduced into the uk and across the european union eu this was met by domestic challenges before national courts until a seminal ruling by the court of justice in the european union cjeu ruled that indiscriminate data retention was incompatible with eu law since then however the cjeu has revised its position and made certain concessions particularly under the guise of national security this book focuses on data retention in the uk with the principal aim of examining compatibility with the echr this is explored through a variety of ways including providing an account of democracy and why secret surveillance poses a threat to it a history of data retention assessing the seriousness that data retention poses to fundamental

rights the collection of rights that are affected by data retention which are crucial for a functioning democracy the implications of who can be obligated to retain and what to retain the idea that data retention is a form of surveillance and ultimately with all things considered whether this is compatible with the echr the work will be an invaluable resource for students academics researchers and policy makers working in the areas of privacy human rights law and surveillance
