this multidisciplinary study of scientology examines the organization and the controversies around it through the lens of popular culture referencing movies television print and the internet an unusual perspective that will engage a wide range of readers and researchers for more than 60 years scientology has claimed alternative religious status with a significant number of followers despite its portrayals in popular culture domains as being bizarre what are the reasons for the vital connections between scientology and popular culture that help to maintain or challenge it as an influential belief system this book is the first academic treatment of scientology that examines the movement in a popular culture context from the perspective of several western countries it documents how the attention paid to scientology by high profile celebrities and its mention in movies television and print as well as on the internet results in millions of people being aware of the organization to the religious organization s benefit and detriment the book leads with a background on scientology and a discussion of science fiction concepts pulps and movies the next section examines scientology s ongoing relationship with the hollywood elite including the group s use of celebrities in its drug rehabilitation program and explores movies and television shows that contain scientology themes or comedic references readers will learn about how the internet and the mainstream media of the united states as well as of australia germany and the uk have regarded scientology the final section investigates the music and art of scientology

scientology is arguably the most persistently controversial of all contemporary new religious movements james r lewis has assembled an unusually comprehensive anthology incorporating a wide range of different approaches in this book a group of well known scholars of new religious movements offers an extensive and evenhanded overview and analysis of all of these aspects of scientology including the controversies to which it continues to give rise

now available for the first time in a low priced paperbound edition the dictionary of quotations with a difference what makes this famous dictionary unlike another is its sheer usefulness whereas other such dictionaries are organized either chronologically or by author brussell s quotations are grouped by subject thus if ever you need just the right quotation to illuminate a point perhaps for a speech you are preparing or for some report article or book you may be writing you can find it instantly at your fingertips in this book here tens of thousands of quotations inspiring humorous thought provoking and everyone brilliantly apt representing speakers as diverse as william shakespeare and casey stengel are assembled under more than 1500 alphabetically arranged and thoroughly cross referenced headings whether you are a professional writer or speaker a student or simply someone who puts a premium on pungent effective and graceful communication dictionary of quotable definitions will be an indispensable addition to your home library publisher

the church of scientology is one of the most recognizable american born new religions but perhaps the least understood with academic and popular interest on the rise many books have been written about scientology and surely more will follow although academics have begun to pay more attention to scientology the subject has received remarkably little qualitative attention indeed no work has systematically addressed such questions as what do scientologists themselves have to say about their religion s history theology and practices how does scientology act as a religion for them what does lived religion look like for a scientologist this is not so much a book about the church of scientology its leaders or its controversies as it is a compilation of narratives and histories based on the largely unheard or ignored perspectives of scientologists themselves drawing on six years of interviews fieldwork and research conducted among members of the church of scientology this groundbreaking work examines features of the new religion s history theology and praxis in ways that move discussion beyond apostate driven and exposé accounts

the dictionary of artists in britain since 1945 covers painters sculptors mural painters and performance installation and video artists as well as notable teachers

a world list of books in the english language

the philistine a periodical of protest 1895 1915 the most successful of the american little magazines was published monthly by the flamboyant businessman and radical elbert hubbard his magazine printed controversial poetry including many of stephen crane s lines for the first time and progressive essays attacking militarism the clergy and church dogma and orthodox thought in general among other writers represented in the philistine were george ade claude fayette bragdon rudyard kipling leo tolstoy and eugene r white hubbard s acerbic observations over two decades regarding the establishment and the leading figures and periodicals of his time make his magazine valuable as primary source material for literary and cultural historians of his period the author examines the founding of the philistine the literary and journalistic contributions by crane and others and the influence of hubbard and his magazine included are a listing of contributors and an index to the second decade of the philistine
