modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting to evolve radically creating a crisis even chaos in culture and society within this chaos myth offered an ordered picture of that world employing symbolic and poetic images both w b yeats and angelos sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change in their longing for a new age archaeology was a magnetic field for yeats and sikelianos as it was for many writers and thinkers after sir arthur evans s discovery of the minoan civilization where women appeared so peacefully prominent the dream of re creating a gynocentric mythology was no longer a fantasy in yeats s and sikelianos s gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative desire brought to them female personalities to inspire and guide them indeed in yeats s and sikelianos s gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space
