have we completely missed the point of the modern western revolution in the arts hugh moss thinks so and here he presents a refreshingly original and thought provoking new approach to understanding art it not only makes sense of western art over the past century or more but applies equally to the art of any culture at any time all within one enlightening framework that well works this new perspective is impossible to ignore a theory that places art right at the centre of the evolution of human consciousness as a key driver of the process argued with intelligence panache and wit the art of understanding art provides a delightfully entertaining read that will change the way you think about and look at art whether you are a collector or would like to be a connoisseur an academic a student or of course an artist or would like to be it is illustrated with intriguing skill depth and humour by peter suart

i offer this black white version so that for all those art enthusiasts who would rather have a book in hand than an electronic e book version almost all color images and representations can also be found on social media see additional sources in the appendix i have been in the arts since i was 6 years old but i did not dare call myself an artist till i was about 35 many artists feel this way art cannot reveal more of its properties and consequently its genuine values because art s concluding evaluation is always tied to success money and fame over 95 of artists lead an existence around the poverty level it is obvious to me we lost our inherent understanding of art s purpose by expanding our awareness just a little we could realize how much we are dependent on our creativity this book shows our way back to art s initial functions for humans by presenting alternatives to the way art works for example art that uses creativity for the joy of creativity s sake trains the inborn human creative muscle to allow us to recognize new observations art reminds us of our strength of what it means to be human and reflects our human potential a fair value creation model for creativity can only emerge when we gain understanding of the essence of art that governs all the arts we have to start comprehending the function of its patterns its higher aesthetics and the artist s creative voice as assessable parts values by opening our awareness of art the content of this book allows us to gain a new art consciousness that realigns us with our human potential s biggest asset creativity the more i walk on this path toward understanding the essence of art and its functions the more i feel blessed to recognize more of my potential and be

human michael a self aware artist this book is for anyone in the art community and those who are interested in how art works for all that want to know how to become an artist being an artist want to be a better artist how to get better at art or how to become a famous artist

larry shiner challenges our conventional understandings of art and asks us to reconsider its history entirely arguing that the category of fine art is a modern invention and that the lines drawn between art and craft emerged only as the result of key european social transformations during the long eighteenth century publisher s description

in today s fast paced world creative people are as eager as ever to pursue their artistic passions but many of them simply don t have enough time catering to this modern dilemma we ve concocted the perfect remedy for over burdened artists the daily book of art includes a year s worth of brief daily readings and lessons about the visual arts that entertain as they inform ten exciting categories of discussion rotate throughout the course of a year giving readers a well rounded experience in the art world from color psychology and aesthetic philosophy to the proverbial argument over whether elephants really can paint art starved readers will encounter a broad range of inspiring subjects the ten categories of discussion include art 101 philosophy of art art through the ages profiles in art a picture s worth 200 words art from the inside out art around the world artistic oddities unexpected art forms step by step exercises

an intimate dialogue with joseph beuys takes us into the deeper motivations and understandings underlying social sculpture and his expanded conception of art shelley sacks artist and director of the social sculpture research unit oxford brookes university it is arguable that beuys was the first artist of the twenty first century like rudolf steiner he was passionately concerned with the history of ideas and the points of interface between manifestations of the arts and sciences as well as philosophy religion economics and politics richard demarco obe professor emeritus european cultural studies kingston university surrey joseph beuys was one of the most important artists of the twentieth century he was one of the first german artists to engage with his country s turbulent and destructive recent history his art embraced processes of political renewal within society the search for an appropriate spiritual approach in our times and a belief in the creative potential in each individual sean rainbird senior curator tate collection the revolutionary artistic ideas and artwork of joseph beuys are still decades later one of the strongest influences on contemporary artists his work bursts open the enclosed world of visual art to encompass political and social reform environmentalism education economics spiritual science and the proposal that art is not properly an activity for experts but for everyone david adams ph d art history faculty sierra college california i know that from him rudolf

steiner a mission was given to me to gradually remove people's alienation and mistrust toward the supersensible through my means in political thinking the field i have to be working on daily it is a matter of realizing the threefold social order as quickly as possible joseph beuys letter to manfred schrader october 21 1971 joseph beuys's work continues to influence and inspire artists and thinkers around the world in areas from organizational learning direct democracy and new forms of money to new methods of art education and the practice of ecological art volker harlan a close colleague of beuys whose own work also explores substance and sacrament talked with beuys about the deeper motivations and insights behind social sculpture and his expanded view of art these profound reflections complemented by harlan's thoughtful essays give a sense of the interconnected nature of all life forms and provide the basis for a path toward a future that is ecologically sustainable features more than forty illustrations

an artist's insights on art appreciation written by a practicing artist this book decodes and maps the basic elements of visual art leading the reader to a greater understanding and appreciation not an art history lesson per se this illustrated guide is rather a tool kit to make the study of art and a visit to the museum truly rewarding an entertaining and informative read the joy of art offers the reader a working art vocabulary to help you identify and explain what you're looking at answers to many of the questions you may have about visual art in general a summary of the basic criteria to consider when looking at art highlights of the primary art genres and an introduction to the artists who pursued them many visual examples of aesthetic considerations and practices interesting facts about your favorite artists and clues to why they made the choices they did a few games to test your new skills the joy of art contains 150 color photographs and many interesting insights from an artist author who takes readers behind the curtain and into the studio to uncover what actually goes into making a work of art if you love art this book will take your appreciation to a new level not only will your enjoyment of art increase you'll be able to clearly communicate your understanding to others
