since the early 1990s when the nation's first charter school was opened in Minneapolis the scope and availability of school based options to parents has steadily expanded no longer can public education be characterized as a monopoly sponsored by the national center on school choice ncsc this handbook makes readily available the most rigorous and policy relevant research on K-12 school choice coverage includes charters vouchers home schooling magnet schools cyber schools and other forms of choice with the ultimate goal of defining the current state of this evolving field of research policy and practice key features include comprehensive this is the first book to provide a comprehensive review of what is known about the major forms of school choice from multiple perspectives historical political economic legal methodological and international it also includes work on the governance structure process effectiveness and costs of school choice readable the editors and authors have taken care to translate rigorous research findings into comprehensible prose accessible to a broad range of readers international in addition to thorough coverage of domestic research the volume also draws on international and comparative studies of choice in foreign countries expertise the national center on school choice ncsc is a consortium that is headquartered at Vanderbilt University and includes the following partners Brookings Institution Brown University Harvard University National Bureau of Economic Research

northwest evaluation association and stanford university this book is suitable for researchers faculty and graduate students in education policy studies politics of education and social foundations of education it should also be of interest to inservice administrators and policy makers

the first major battle over school choice came out of struggles over equalizing and integrating schools in the civil rights era when it became apparent that choice could be either a serious barrier or a significant tool for reaching these goals the second large and continuing movement for choice was part of the very different anti government individualistic market based movement of a more conservative period in which many of the lessons of that earlier period were forgotten though choice was once again presented as the answer to racial inequality this book brings civil rights back into the center of the debate and tries to move from doctrine to empirical research in exploring the many forms of choice and their very different consequences for equity in u s schools leading researchers conclude that although helping minority children remains a central justification for choice proponents ignoring the essential civil rights dimensions of choice plans risks compounding rather than remedying racial inequality

in this comprehensive volume a roster of leading scholars in educational policy and related fields offer eighteen essays seeking to illuminate new ways for american public education to counter persistent racial and socioeconomic inequality in our society contributors to integrating schools in a changing society draw on extensive research to reinforce the key benefits of racially integrated schools examine remaining options to pursue multiracial integration and discuss case examples that suggest how to build support for those efforts

karen quinn has successfully taught hundreds of parents how to prepare their children for testing and testing for kindergarten is her ultimate comprehensive guide to having fun while teaching to the underlying abilities every test assesses whether your child is going to a private kindergarten or a public school he or she will most likely be tested and placed in classrooms according to those results but information about intelligence tests is closely guarded and it can be difficult to understand what your kids need to know as an expert who has successfully taught hundreds of parents how to work with their own children karen quinn has written the ultimate guide to preparing your child for kindergarten testing the activities she suggests are not about teaching to the test they are about having fun while teaching to the underlying abilities every test assesses from the right way to have a conversation to natural ways to bring out your child s inner math geek quinn shares the techniques that every parent can do with their kids to give them the best chance to succeed in school and beyond it s just good parenting and better test scores are icing on the cake

creating a positive school climate and developing a fair and consistently enforced discipline system are fundamental steps in making school campuses safe model programs and policies are presented to minimize student and staff victimization risks by helping evaluate where a school district stands in terms of effective school safety and school crime prevention programs the publication s four chapters discuss the following topics 1 school climate and discipline 2 school attendance 3 personal safety and 4 school security designed as a practitioner s handbook each chapter contains the following sections the issues assessing the problems prevention strategies response strategies sample programs bibliography and an appended assessment survey two chapters contain additional appendixes supplying information on attendance policies the chicago network program and district policies and procedures mlf

annotation moran examines kansas city missouri as a case study of school desegregation during the period 1949 to 1999 he argues that school desegregation is best

understood as a process that influenced and was influenced by a multitude of factors in this context developments in kansas city and elsewhere are presented as products of the interplay between evolving legal standards shifting demographic patterns the changing social political and economic climate of the city fiscal considerations and the actions and motivations of public policy makers the successes and failures of desegregation are considered in light of each of these interconnected variables drawing implications for the nation as a whole

the authors of this volume argue that urban education is in urgent need of reform and that although there have been plenty of innovative and even promising attempts to improve conditions most have been doomed the reason for this they agree lies in the failure of our major cities to develop their civic capacity the ability to build and maintain a broad social and political coalition across all sectors of the urban community in pursuit of a common goal

home school relations examines the contemporary family and its relationship to the school and provides educators practical advice for developing strong partnerships with their students families supporting parents as full partners in education this text stresses the need for educators to have positive working relationships with the students that they teach by understanding the families from which their students come in addition to covering the traditional topics of ethnic families change in families and parent teacher communication olsen fuller and their contributors delve further into the issues facing families today looking at the effects of poverty advocacy the role of fathers domestic violence bullying school violence on families the authors offer practical techniques that give educators the tools to cope with the many factors affecting their students integrating diversity cultural racial religious and sexual orientation throughout the text home school relations is the best text available to prepare educators for all the forms of diversity they will encounter in the field practical examples of building good home school partnerships and fostering parent involvement
