this book describes the tours museums and sites in the states of alabama arkansas louisiana missouri mississippi oklahoma tennessee and texas that are free this book shows where learning and fun come together and provides a relief from high priced vacations among the tours museums and sites one can experience are wine brewery tours food tasting tours automobile plant and mfg tours farm ranch tours driving tours of famous homes art museums science museums transportation museums cultural museums national monuments and historical sites zoos and botanical gardens

provides directions to the park lists accommodations suggests activities for all seasons and offers tips for packing and camping

camp directors trip guide is the only guide that helps camp directors counselors and recreational center directors plan day overnight and travel trips for campers

move over traditional sightseeing throngs of visitors and tourist traps explore europe on foot gives travelers an alternative way to discover europe a hiking vacation offers countless rewards the time to admire the tidiness of a village farm soak in the rugged alpine view from a rocky perch and absorb a country through the smells of its landscape and encounters with locals explore europe on foot is a complete guide to conceptualizing planning and executing the slow travel hike or hikes of a lifetime author cassandra overby tells you how you can spend all or

even just part of your vacation enjoying scenery small towns and cultural experiences most travelers miss all without carrying a big backpack this guide offers all the nuts and bolts you need how to choose a route that is right for you how to plan what to pack what to expect how to find accommodations and food how to deal with challenges along the way and so much more these aren't wilderness backpacking trips but rather a wide range of town to town walks that offer the opportunity to have an authentic affordable restorative vacation travelers will also appreciate overviews of fifteen long distance trails in belgium france italy germany great britain morocco portugal spain switzerland and turkey with itineraries that range from one to fifteen days for those unwilling to go all in cassandra also offers tips on incorporating day hike outings into a more traditional vacation the focus is on how to craft that more immersive vacation so users of the guide will be able to apply what they learn to their own dream destinations 15 handpicked walks include rota vicentina portugal english way spain mont saint michel francetour du mont blanc france and italy cinque terre 20 italy lycian way turkey alpine pass route switzerland king ludwig's way germany the moselle germany the ardennes luxembourg and belgium the lake district england uk west highland way scotland uk laugavegur trek iceland the sahara desert morocco

in the 21st century traditional approaches to societal challenges often fall short the need for innovative solutions is palpable grounded in the understanding that progress is contingent upon embracing change scholars policymakers and institutions grapple with the delicate balance between economic growth and social well being the dichotomy between technical and social innovations becomes apparent necessitating a comprehensive understanding of their interplay the urgency to bridge this gap addressing societal needs while fostering economic prosperity forms the crux of the challenge social innovations in education environment and healthcare emerge as an illuminating solution authored by

experts in the field this book offers a compelling exploration of social innovation as the key to unlocking transformative change by delving into the intricacies of ideation collaboration implementation and value creation the book provides a roadmap for scholars policymakers non profit organizations for profit firms and universities it dismantles the barriers between developed and developing nations advocating for a global perspective in the pursuit of inclusive and impactful social innovations

from yellowstone to the great smoky mountains america s national parks are sprawling tracts of serenity most of them carved out of public land for recreation and preservation around the turn of the last century america has changed dramatically since then and so has its conceptions of what parkland ought to be in this book one of our premier environmental historians looks at the new phenomenon of urban parks focusing on san francisco s golden gate national recreation area as a prototype for the twenty first century cobbled together from public and private lands in a politically charged arena the ggnra represents a new direction for parks as it highlights the long standing tension within the national park service between preservation and recreation long a center of conservation the bay area was well positioned for such an innovative concept writing with insight and wit rothman reveals the many complex challenges that local leaders politicians and the nps faced as they attempted to administer sites in this area he tells how representative phillip burton guided a comprehensive bill through congress to establish the park and how he and others expanded the acreage of the ggnra redefined its mission to the public forged an identity for interconnected parks and struggled against formidable odds to obtain the san francisco presidio and convert it into a national park engagingly written the new urban park offers a balanced examination of grassroots politics and its effect on municipal state and federal policy while most national parks dominate the economies of their regions ggnra was from the start tied to the multifaceted needs of its public and political constituents

including neighborhood ethnic and labor interests as well as the usual supporters from the conservation movement as a national recreation area ggnra helped redefine that category in the public mind by the dawn of the new century it had already become one of the premier national park areas in terms of visitation now as public lands become increasingly scarce ggnra may well represent the future of national parks in america rothman shows that this model works and his book will be an invaluable resource for planning tomorrow s parks

environmental interpretation is the first truly applied treatment of environmental communication written specifically for people with big ideas and small budgets drawing on 20 years experience and the successes of his colleagues worldwide sam ham presents an unusually diverse collection of low cost communication techniques that really work more than 200 illustrations photos and technical insets provide simple instructions for designing and implementing effective education programs in forests parks protected areas zoos botanical gardens extension and community programs and in all kinds of agriculture and natural resource management programs aside from its step by step how to approach what sets this volume apart is its solid theoretical foundation readers learn not only how to communicate their ideas more forcefully but why the methods work some 20 case studies carefully selected from throughout the western hemisphere stimulate the imagination and show how others have successfully applied what this book is about written for beginners and experts alike the book represents a valuable resource for anyone faced with the need to communicate about the environment yet constrained by lack of money and experience

america s bloodiest day the battle of antietam on september 17 1862 left more dead american soldiers in its wake than any other 24 hour period in history antietam and the related battles of the maryland campaign that led up to the lethal confrontation did not result in decisive defeats for either side but they did serve as a brutal warning to an out gunned out commanded and out organized union army eyewitness

accounts by battle participants make these guides an invaluable resource for travelers and nontravelers who want a greater understanding of five of the most devastating yet influential years in our nation's history explicit directions to points of interest and maps illustrating the action and showing the detail of troop position roads rivers elevations and tree lines as they were 130 years ago help bring the battles to life in the field these guides can be used to recreate each battle's setting and proportions giving the reader a sense of the tension and fear each soldier must have felt as he faced his enemy

max berman a successful but rootless new york restoration architect socialite and ladies man remembers his childhood home in the small austrian town of h mostly through his mother's cherished photographs and vivid stories when she dies still longing for the house she fled with her husband and young children in 1928 max temporarily abandons his playboy lifestyle and travels to h determined to reclaim the confiscated house in h max encounters nadja a young woman convinced that her late mother was jewish and that the local synagogue will provide the sense of community she lacks recognizing that she is too talented for her provincial neighbors he arranges for her to attend college in the u s where she becomes the most significant of his many lovers he also befriends arthur spitzer a holocaust survivor and the leader of h's dwindling jewish community who helps him regain legal control of his mother's house when years later the last of his tenants finally moves out max returns to investigate his family's ties in h over a fateful year that challenges his restlessness and seems to offer the chance for real belonging book jacket
