moral conflict the subject of this book is passionate and difficult to resolve responses that are normally effective such as explaining persuading and compromising can make matters worse and drive people further apart in such conflicts moral conflicts occur when incommensurate social realities come to clash disputes about abortion religion in politics and education legal rights for homosexuals and environmental politics are issues in which well intentioned

parties have created polarized and diverse patterns of communication the most virtuous actions of each side not only fail but widen the schism such conflicts require us to find forms of communication that go beyond our normal ways of dealing with disagreement in an original synthesis of communication theory and their own research w barnett pearce and stephen w littlejohn describe a dialectical tension between the expression and suppression of conflict that can be transcended in ways that lead to personal growth and productive patterns of social action in moral conflict several projects are described as practical examples of these new ways of working through difficult struggles

intergroup competition and conflict create pervasive problems in human society giving rise to such phenomena as prejudice terrorism ethnic cleansing and interstate war citizens policy makers social workers schoolteachers and politicians wrestle with these problems and with difficult questions these issues pose what causes conflict to escalate how should we manage conflict within communities and also in society at large is conflict always bad or does it have other more beneficial consequences social conflict within and between groups provides an overview of contemporary research from the social sciences on these questions it brings together the research output of a number of leading researchers in psychology management and economics sociology and political science and draws on the outcomes of ten prominent research programs conducted over the past five years the chapters cover a range of fascinating topics including prejudice and discrimination in multi ethnic societies and conflict and negotiation in the field of industrial relations the authors also consider the possibilities for intervention at the interpersonal intergroup and societal level this is the first volume to provide an interdisciplinary overview of the various scientific approaches to studying the origins and consequences of social conflict it will be of great interest to researchers graduates and upper level undergraduate students from across the social and behavioural sciences

with insightful chapters from key social psychologists and peace scholars this handbook offers an integrative and extensive overview of critical questions issues processes and strategies relevant to understanding and addressing intergroup conflict

this groundbreaking volume explores the concept of self censorship as it relates to individuals and societies and functions as a barrier to peace defining self censorship as the act of intentionally and voluntarily withholding information from others in the absence of formal obstacles the volumes introduces self censorship as one of the socio psychological mechanisms that prevent the free flow of information and thus obstruct proper functioning of democratic societies moreover it analyzes this socio psychological phenomenon specifically in the context of intractable conflict providing much evidence from the israeli palestinian conflict moving from the micro to the macro level the collected chapters put the

individual as the focal unit of psychological analysis while embedding the individual in multiple levels of context including families organizations and societies following a firm conceptual explanation of self censorship a selection of both emerging and prominent scholars describe the ways in which self censorship factors into families organizations education academia and other settings further chapters discuss self censorship in military contexts narratives of political violence and the media finally the volume concludes by looking at the ways in which harmful self censorship in societies can be overcome and explores the future of self censorship research in doing so this volume solidifies self censorship as an important phenomenon of social behavior with major individual and collective consequences while stimulating exciting and significant new research possibilities in the social and behavioral sciences conceptually carving out a new area in peace psychology self censorship in contexts of peace and conflict will appeal to psychologists sociologists peace researchers political scientists practitioners and all those with a wish to understand the personal and societal functioning of individuals in the real world

matthew s gospel is a witness to conflicting interests the leaders of israel are part of the so called retainer class who pursue their own interests by promoting the interests of the roman rulers jesus and the matthaeian community on the contrary acts on behalf of the marginalized in society jesus challenges the underlying values of the leaders who contrary to what is expected do not forgive and act mercifully the leaders try to resolve the conflict negatively by labelling jesus as possessed by the devil at the same time the conflict spirals onward the matthaeian community is called to act in the interests of the marginalized it is vledder s special contribution to matthaeian study that he brings to light the underlying dynamics of this conflict in a stimulating sociological study
