life magazine is the treasured photographic magazine that chronicled the 20th century it now lives on at life.com the largest most amazing collection of professional photography on the internet users can browse search and view photos of today's people and events they have free access to share print and post images for personal use

nearly the whole of America's partisan politics centers on a single question can markets solve our social problems and for years this question has played out ferociously in the debates about how we should educate our children from the growth of vouchers and charter schools to the implementation of no child left behind policy makers have increasingly turned to market based models to help improve our schools believing that private institutions because they are competitively driven are better than public ones with the public school advantage Christopher A and Sarah Theule Lubinski offer powerful evidence to undercut this belief showing that public schools in fact outperform private ones

a sequence of elaborate close up photographs of a diverse range of plankton organisms displays their phosphorescent beauty and translucent colors against contrasting black backgrounds while offering historical and scientific discussions for each depicted species publisher's description

a description reconstruction and discussion of the repertory of an exceptional musical source the french manuscript made at Lyons c 1520-1525 as the private collection of a music copyist the book contains 280 compositions sacred and secular from the period 1450-1524 with loyset compère Alexander Agricola Antoine de Févin Claudio de Sermisy and Clément Janequin as the prominent composers besides discussing the many faceted repertory the book studies the circulation of music in the early sixteenth century and the relationships between popular songs and courtly chansons and between provincial music and the music of the musical centres the manuscript has been in the royal library of Copenhagen since 1921 this is the first comprehensive study of it
