**2 Structure and Content of the Morrison McCall Spelling Test**

**Test Format** The Morrison McCall spelling test typically consists of a series of words that increase in difficulty and complexity. **Interpreting Results** Results are typically summarized in:

- A raw score: total number of correctly spelled words
- A percentile rank: comparison with normative data for age groups
- An error analysis: identifying specific phonetic or orthographic patterns that pose difficulties

Interpreting the results helps educators and clinicians understand whether a child's spelling skills are 3 below, at, or above age-appropriate levels, guiding targeted instruction.
