excerpt from history of ancient art the application of the historic method to the study of the fine arts begun with imperfect means by winckelmann one hundred and twenty years ago has been productive of the best results in our own days it has introduced order into a subject previously confused disclosing the natural progress of the arts and the relations of the arts of the different races by whom they have been successively practised it has also had the more important result of securing to the fine arts their due place in the history of mankind as the chief record of various stages of civilization and as the most trustworthy expression of the faith the sentiments and the emotions of past ages and often even of their institutions and modes of life the recognition of the significance of the fine arts in these respects is indeed as yet but partial and the historical study of art does not hold the place in the scheme of liberal education which it is certain before long to attain one reason of this fact lies in the circumstance that few of the general historical treatises on the fine arts that have been produced during the last fifty years have been works of sufficient learning or judgment to give them authority as satisfactory sources of instruction errors of statement and vague speculations have abounded in them the subject moreover has been confused especially in

germany by the intrusion of metaphysics into its domain in the guise of a professed but spurious science of aesthetics under these conditions a history of the fine arts that should state correctly what is known concerning their works and should treat their various manifestations with intelligence and in just proportion would be of great value to the student such within its limits as a manual and for the period which it covers is dr reber shistory of ancient art so far as i am aware there is no compend of information on the subject in any language so trustworthy and so judicious as this about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
