while europe is certainly one of the richest and most educated areas of the world some of the challenges faced by the old continent are staggering low economic growth

structural difficulties in the labour market and increasing international competition politicians and policymakers may advocate different means of overcoming the potential economic decline of Europe but most agree that Europe needs to strengthen human capital its ultimate competitive advantage in the world economy this book looks at the accumulation of human capital from two perspectives first through formal education and then professional training it provides a useful summary of the key characteristics of education and training in Europe and also asks key questions about the fundamental problems with the current educational and training systems more importantly the book goes on to discuss which policies are necessary to make existing education and training systems more efficient while also making higher skills available to a wider range of people

distinctively pairing video footage and role play scenarios how to pass the CSA exam presents a broad range of consultations in the most common clinical areas a trainee or GP ST3 is likely to encounter to reinforce core knowledge and skills cases cover the entire CSA case selection blueprint with a range of acute chronic undifferentiated psychosocial and preventative cases in the different disease areas the two DVDs feature over 3 hours of consultations drawn from real life experience with step by step explanations and points highlighted for examination and include filmed panel discussion and feedback the accompanying guidebook mirrors the video content with explanatory text advice on how the exam works and how role players are briefed CSA plus resources on broader issues encountered in everyday general practice and links to relevant guidelines e learning modules and further resources developed by GP trainers educators and programme directors based on their vast understanding of the consultation and exam process and proven experience how to pass the CSA exam is a thorough and systematic companion to preparing for these examinations to help you optimise your skills and prepare for early practice life includes consultations in diabetes depression back pain dementia breaking bad news DVDs feature 12 consultations with trainee reflection and trainer feedback duration approx 180 minutes top tips from round table discussions with trainees who recently passed the CSA exam duration approx 30 minutes the authors of how to pass the CSA exam also provide a high quality up to date and comprehensive course specifically designed for excelling in the MRCGP exam featuring mock AKT paper and CSA exam with actors as role players for full details visit londonmrcgp.co.uk

at the end of the last century social emotional learning SEL emerged as a relevant theme in education all over the world what is SEL SEL may be defined as a multidimensional construct orchestrating individuals ability to identify and manage emotions feelings and concern for others as well as to organize and manage behaviors toward goals solve problems and develop positive relationships SEL has been gaining growing popularity among researchers and practitioners still there is a reasonable degree of ambiguity regarding the concept in fact the term is often used as an umbrella for many types of programs and interventions from distinct areas such as school public health mental

health or character education addressing the vulnerability of children and youth to various social and psychological problems what is more topics covered under the self umbrella are diverse as follows emotions cognition including multiple intelligences motivation socialization in schools and families and self regulation and its effects

both scientifically and socially the 16th international symposium on amyloidosis august 5-8 1990 in oslo was a great success there were three and a half intensive days it started with the opening ceremony particularly highlighted with the norway norway multi media show by david cochran and ended with a visit to the edvard munch museum and the farewell salmon dinner on the evening of august 8 not to forget the happy birthday song for dorothea zucker franklin at the breakfast table the following morning in between was the intellectual penetration into the science of amyloidosis and amyloid proteins and a deepening of many friendships among young and old amyloidologists together with some of the cultural and historical features of oslo and norway among the numerous letters of thanks and gratitude that we have received the senior organizer of the previous meeting takashi isobe said it briefly and eloquently you have overwhelmed us you have performed a drama with joy and cheer you have hosted so nicely with lovely secretariat you have arranged impressive hospitality in every respect you certainly did for all of us now we are left with the proceedings book for the three coming years until the next symposium in kingston canada which will be organized by drs robert kisilevsky and thomas muckle from the department of pathology at queens university in 1993 the scientific contributions herein cover all the sessions of the meeting

this volume is a collection of eight case studies in data analysis that appeared in various issues of the canadian journal of statistics over a twelve year period from 1982 to 1993 one follow up article to case study no 4 is also included in the volume the case studies section on case studies in data analysis was initiated by a former editor who wanted to increase the analytical content of the journal we were asked to become section co editors and to develop a format for the case studies each case study presents analyses of a real data set by two or more analysts or teams of analysts working independently in a simulated consulting context the section aimed at demonstrating the process of statistical analysis and the possible diversity of approaches and conclusions for each case study the co editors found a set of real canadian data posed what they thought was an interesting statistical problem and recruited analysts working in canada who were willing to tackle it the published case studies describe the data and the problem and present and discuss the analysts solutions for some case studies the providers of the data were invited to contribute their own analysis

an international team of researchers studied the following aspects of training in belgium's motor vehicle repair and sales sector structure and characteristics institutional and social context relationship to belgium's overall labor market changing structural economic and organizational conditions and training and recruitment and relationship to

belgium s education system data were obtained from a review of government social and labor employment statistics and from case studies of the four firms peugeot talbot volvo ford and mercedes each case study included a general profile of the company its personnel management and vocational policies and its provisions for continuing ongoing training belgium s educational system was found to contain at least four different channels by which individuals can prepare for jobs in the sector most public private collaborative training efforts were focused on at risk groups in total training activities within the sector the initiatives taken by motor vehicle manufacturers played the most important role training initiatives and policies varied widely by company collaborations between different manufacturers appeared to represent a very important option for the future and self study was increasing in importance most manufacturers invested in their own training infrastructures however training was also contracted out fifteen tables are included mn
