in joyce derrida lacan and the trauma of history christine van boheemen saaf examines the relationship between joyce s postmodern textuality and the traumatic history of colonialism in ireland joyce s influence on lacanian psychoanalysis and derrida s philosophy van boheemen saaf suggests ought to be viewed from a postcolonial perspective she situates joyce s writing as a practice of indirect witnessing to a history that remains unspeakable the loss of a natural relationship to language in joyce calls for a new ethical dimension in the process of reading the practice of reading becomes an act of empathy to what the text cannot express in words in this way she argues joyce s work functions as a material location for the inner voice of irish cultural memory this book engages with a wide range of contemporary critical theory and brings joyce s work into dialogue with thinkers such as zizek adorno lyotard as well as feminism and postcolonial theory

for james mcmichael joyce s ulysses invites the wide range of interpretations it has received what it also does is to prod its interpreters to put the book to some just use if ulysses were more conventional than it is mcmichael claims its readers could set more comfortable limits for themselves in their responses to it limits that did not extend beyond ulysses into their dealings with persons in the world but what happens instead is that the singularly unconventional narrative structure of ulysses keeps reminding them that the story they are being told about any of the characters is the same kind of story they tell themselves whenever they think about a person it reminds them that every person needs to be responded to justly and that the justice of their response to any person depends on how justly they characterize that person in their thoughts mcmichael insists that it is justice that joyce himself most wants distinguishing joyce not only from the immature stephen dedalus but also from ulysses perfectly unresponsive narrator this study describes joyce s tacit but discomfoting plea that ulysses be judged not so much for its literary mastery as for the degree to which it is a just response to persons in need originally published in 1991 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

the criminal legal system defines and authoritatively enacts the boundaries of permissible

and impermissible behaviour with a focus on that which is prohibited or transgressive wickedness and crime laws of homicide and malice seeks to expose the ways in which criminal law communicates and sanctions particular models of wickedness this book illuminates the intimate relationship of crime and definitions of wrongdoing a central contention of the book is that if a criminal legal system empty of normative content is undesirable and implausible then we must think critically about the types of models of wickedness that are communicated by criminal legal doctrine through historical and contemporary analysis of the legal concept of malice penny crofts examines the types of models of wickedness that are established through criminal legal doctrine the book draws upon literature philosophy and jurisprudence to place wickedness at the centre of an account of criminal law arguing that the current dominant idea of wickedness communicated in criminal law lacks nuance and clarity this book examines the implications in terms of the legal subject social responsibility and the jurisdiction of the legal system through historical accounts of malice the book provides resources to enrich a contemporary jurisprudence of blaming a fascinating contribution to the study of law this book will interest criminal legal scholars who seek a deeper understanding of the complexity of the relationship between law and morality the book also provides a resource for legal theorists and philosophers of wickedness supplying a sustained example and analysis of the implications of types of models of culpability

subjectivity is one of the central issues of twentieth century philosophy literature and art modernism which discovered the subconscious put an end to the belief in the cartesian subject as the autonomous centre of knowledge and self consciousness instead the subject became something uncontrollable unreliable incomplete and fragmentary the attempts to recapture the unity of the subject led to the existential quest and the flight into ideology nazism communism postmodernism the cultural movement of the second half of the twentieth century did not consider the subject any longer as an important category attention was focused on the i and the other on dialogism and polyphonicism bakhtin ideology lost its appeal and so did the great stories lyotard in this issue of avant garde critical studies the problem of subjectivity in twentieth century culture is discussed from various angles by specialists in the field of philosophy literature film music and dance

blood on the wind recounts the dramatic history of why the ancient maya failed to create an empire in the lowlands highlighting the roles of various rival families and the fomenting of civil war in 250 850 ce it sheds light on economics politics religion culture and warfare and shows how a disastrous chain of events prevented a lowlands empire from being achieved

discussions of the self in james joyce s a portrait of the artist as a young man traditionally

have a generic or a generalized quality the self is modernist or postmodernist essential or processive unified or fragmented etc pathologies of desire takes a different tack it shifts the ground of discussion locating the self in relation to particular dispositions or traits of the subject stephen dedalus more specifically it foregrounds three pathological states autoerotic paranoia and the shame guilt syndrome as primary modes of self aggregation the unique power of painful inner splits and divisions to precipitate self awareness and to make the self self reflexive as challenges to self understanding anxiety autoeroticism persecution paranoia and humiliation shame guilt are prime catalysts of those multi layered linguistic resources that fortify stephen s self with the means of comprehending its own angst the fact that each particular self dissolves to make way for another underscores its purely contingent and transitional quality it functions as a defense against the singularity of the pain that it generates stephen s ultimate prospect of creating new future selves is thus contingent on his power to liberate himself from the old ones oppressive conditioning

today s growing national concern about education centers on the paramount importance of teaching reading and writing this volume offers a rigorous examination of reading and the pedagogy of reading critically the book examines the crucial role of reading in the education of the child for the year 2000 and explores the history of reading and readers in america while surveying the attendant literacy debates the author examines the historical progress of american reading instruction demonstrating that how one is taught to read not only determines what one will read but also what is permissible to read and how pedagogies of reading define reading publics an important chapter focuses on reading as a process of identity construction that creates not only a text but shapes the person who reads that text the book also describes reading as a psychological process in which the creative act of manipulating the text produces the self and the world a final chapter discusses reading as the center of the educational system and examines methodologies an index is provided
