more than 147 000 new york state high school students take the regents exams every year in order to earn a regents diploma and be eligible for a national merit scholarship kaplan s programs offer the best approach to demystifying the regents exams kaplan s guides include sample tests content review practice questions and demonstrated kaplan test taking techniques

this text reviews both similarities and unique cultural linguistic and script differences of chinese relative to alphabetic reading and even across chinese regions chinese reading acquisition relies upon children s strongly developing analytic skills as highlighted here these 16 chapters present state of the art research on diverse aspects of chinese children s reading development this edited volume presents research on chinese children s reading development across chinese societies authors from china hong kong singapore and taiwan among others present the latest findings on how chinese children learn to read reading acquisition in chinese involves some parameters typically not encountered in some other orthographies such as english for example chinese readers in different regions might speak different mutually unintelligible languages be taught to read with or without the aid of a phonetic coding system and learn different scripts this book both implicitly and explicitly considers these and other contextual issues in relation to developmental and cognitive factors involved in chinese literacy acquisition one of the clearest themes to emerge from this volume is that across regions chinese children despite lack of explicit teaching of phonetic or semantic character components learn to read largely by integrating visible print sound and print meaning connections rather than learning to read chinese

characters by rote as is sometimes mistakenly believed these children are analytic learners chapters in this book also cover such topics as chinese children s reading comprehension cognitive characteristics of good and poor readers and reading strategies of bilingual and bисcriptal readers this book is a useful reference for anyone interested in understanding either developing or skilled reading of chinese or for those interested in literacy learning across cultures

topics from the restless provide secondary and post secondary students with meaningful reading and study skills development while building real world writing experience
