our culture is one that speaks rather than listens there is a clamour to be heard to narrate and to receive attention this book presents an argument that this way of life has severe and damaging consequences it addresses the question of how to listen more carefully it also shows how sociology is in a position to record life passed in living

one person talks the other listens it's so basic that we take it for granted unfortunately most of us think of ourselves as better listeners than we actually are why do we so often fail to connect when speaking with family members romantic partners colleagues or friends how do emotional reactions get in the way of real communication this thoughtful witty and empathic book has already helped over 100 000 readers break through conflicts and transform their personal and professional relationships experienced therapist mike nichols provides vivid examples easy to learn techniques and practical exercises for becoming a better listener and making yourself heard and understood even in difficult situations

revised edition of the lost art of listening c2009

the art of listening in a healing way is jim miller's sequel to his popular book the art of being a healing presence he describes what healing listening is and how it differs from other kinds of listening then 27 short chapters provide helpful insights in how to do this special kind of listening examples a healing listener listens with the eyes a healing listener cleaves to silence interspersed throughout are intriguing quotations from the ages as well as the author's floral photography

this book answers a number of fundamental questions about listening in coaching and mentoring what difference does being heard make to the speaker how does it have that effect what are the necessary components of good listening how do you evaluate your practice as a listener and how do you improve the process of writing this book led the author to look closely at his own practice test experiment and push his listening to a higher level he invites the reader to do the same this book identifies what it takes to listen well the skills mind set presence self awareness and self management and why it can be hard it demonstrates how four modes of listening attention inquiry observation and use of self all contribute to the listener's understanding and to the speaker's awareness it argues that we all have a learning edge as listeners and provides a framework that helps each of us find it the book is intended as a companion for anyone who commits to becoming a good listener it shows how to develop expertise in the four modes of listening it offers examples and principles to guide practice questions for reflection and a series of workouts to help the listener develop their ability to listen it encourages by showing how good listening is simple you turn up pay attention and listen with all you have and it challenges by identifying the work it takes to do that

originally published in 1986 this collection of essays is unified by one leading idea that the active and creative abilities of listeners and readers deserve as much attention as the skills of speakers and writers it is shown that hearers far from being passive recipients in the communicative process are in fact active in selecting interpreting and creating from the disparate signals they receive equally readers are involved in creating individual patterns of significance from a text in presenting this argument some essays deal with the importance of gender considerations some with special modes of writing such as the private diary and literary translations and others with the more familiar fields of poetry and drama in the sphere of popular music distinctions such as folk and pop indicate special problems in assessing the authenticity of a listener's response by concentrating on active listening the collection develops and illustrates the conviction that there are fundamental premises underlying the various disciplines under review the analysis of which makes for a fuller understanding of communication in all its forms

the gentle art of listening guides the soul to understand one of great but most underrated senses through a variety of scenarios and circumstances where listening can play a major part in rearranging your life for the better the gentle art of listening is not a text book but more of a companion that can be shared by many near and far to the reader

traditional chinese edition of the art of listening

hearing and listening are two different things learning to listen really listen requires sacred practice the sacred art of listening guides you through forty practices of deep listening to our source to ourselves and to each other inspiring text and contemplative artwork combine to communicate the three essential qualities of deep listening silence reflection and presence they demonstrate that the key to healthy relationships and spiritual transformation can be as basic as practicing the art of listening you will learn how to speak clearly from the heart communicate with courage and compassion heighten your awareness and sensitivity to opportunities for deep listening enhance your ability to listen to people with different belief systems

emphasizing music in the context of the society that surrounds it music the art of listening weaves the development of western music into the fabric of cultural history paying special attention to the biographies of significant composers in a clear

and accessible format it introduces music from centuries past as well as that of the current era and helps the listener develop techniques to fully appreciate music in public performance halls on the radio in films or in the theater among the highlights of this seventh edition is a greatly expanded selection of listening examples which are available on the text's companion cd set

we never outgrow our need to connect with others to feel as though we are heard and understood that is why a sympathetic ear is such a powerful force in human relationships and why the failure to be heard is so painful nothing hurts more than the sense that people close to us aren't really listening to what we have to say someone talks and someone else listens in it sounds so simple that we take it for granted but why do we often feel cut off when speaking to the people closest to us family members friends or colleagues what is it that keeps so many of us from really listening michael p nichols answers these questions and more in this ground breaking exploration of why people don't hear one another his book an engaging guide to the secrets of listening and being listened to is filled with vivid examples that clearly demonstrate easy to learn techniques for becoming a better listener he also illustrates how empathic listening enables us to break through misunderstandings and conflict and to transform our personal and professional relationships

in a world that moves at the speed of light where digital interactions often replace face to face conversations the art of truly listening has become a lost treasure the art of listening building relationships through understanding by avery nightingale is a transformative guide to reclaiming the essence of human connection with over 35 years of research and personal practice nightingale shares profound insights into how the simple act of listening can foster stronger more meaningful relationships whether in the workplace or personal life this book reveals how careful and skilled listening can reduce miscommunication enhance understanding and build cohesive communities discover the extraordinary power of intelligent communication and learn how to make every interaction count are you ready to transform your relationships and become a master of the art of listening dive in and see how listening can change your world

beautifully designed deck of cards with brief and eloquent lessons in the art of listening includes skills to learn habits to limit a philosophy with which to approach listening and instructions on using the cards individually and in groups

practicing the art of listening in conversations explores techniques for active listening to enhance communication the book

teaches how to truly listen during conversations fostering deeper understanding and stronger connections with others it provides strategies to focus on the speaker's message interpret non verbal cues and respond thoughtfully the book also discusses how active listening can resolve misunderstandings improve personal relationships and create more productive interactions in both personal and professional environments

adventure of the soul is a lucid look at what happens to us as humans as we navigate the path of life josep's ability to connect what is happening in the body to what the soul is trying to achieve in order to fulfill its purpose is very comforting once we can better understand what the body is trying to tell us then we can make more sense of all the situations and challenges we face we have everything we need right inside of us to live a healthy and happy life understanding this idea is very useful if not paramount for dealing with some of the fears that can come with the difficult experiences and mystifying occurrences in our life adventure of the soul is the art of listening to what life is saying to us in a dialogue that is continuous understanding the code is very valuable in living a balanced and fulfilling life
