we all have the power to achieve personal prosperity and physical health who hasn't dreamed of a life where this was true there are two ways to respond to such a vision we could stand by and cite all the physical emotional mental social economic or geographical reasons that thwart our progress or we could identify and remove the personal obstacles to achieving exactly what we want out of life my book moving the stars with your words shows the reader the steps to achieving the latter today we measure our prowess as a species strictly in physical and technological terms modern medicine is proficient at diagnosing the physical causes of our illnesses while technology keeps pushing back the realm of the physical unknown and yet we are a society still awash with mental and physical illnesses which neither medicine nor technology can eliminate the great illusion of our times is that only others better qualified than we particularly those versed in the technical sciences hold

the key to our welfare my approach and philosophy of life has allowed hundreds of people to choose the experiences they wish to have and from there literally to speak those experiences into existence in other words to become the creative factor in their life however individual effort does not preclude conviction and faith in a higher power that can help realizes a new life no religious doctrine or formula of salvation here whatever the reader s spiritual inclinations this co creation as i call it can create a life of magic the only requisite is that we get on the side of the universe and speak our life into existence

the highly anticipated conclusion to the something in the way series a forbidden love saga lake it was a hot summer day when i met him on the construction site next to my parents house if i d known then what i do now would i have kept on walking manning was older darker experienced and i d trusted him when he said the story would only ever be about us i d held those words close and challenged fate but i had lost a part of me is still that sixteen year old girl squinting up at manning but no matter how far i fall or high i soar i ll always be a bird without her bear and nothing without him manning when i close my eyes i can no longer see her the decisions i made were to push lake in the right direction away from me but now that she s gone would i have made those same choices i d walked away like i was supposed to i d kept my distance i d bent over backward to keep lake pure but she s no longer that girl and i don t know if i can stay away anymore i only know i don t want to she s still everything i want and nothing i should ever have but if anyone can move the stars it s her great bear in the sky

astronomy by observation an elementary text book for high schools and academies by eliza bowen a first published in 1886 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it
