the politics of identity in latin american censuses contributes new and original perspectives to existing discussions about the shaping of multiculturalist ideology in latin america its interweaving with the cultural politics of neoliberalism and the relation between ethnic identification resurgence and economic globalization scrutinising national censuses across the continent the studies included in this volume reveal clear relationships between censuses nation building and government projects but also strong and determinant connections between domestic and supra national spheres the contributors to this volume open provocative avenues of research on latin american societies by demonstrating how in the realm of identity politics supra national institutions and normativity socialise national census bureaus in a way that largely annuls ideological differences between regional governments this book was originally published as a special issue of the journal of iberian and latin american research

the print edition is available as a set of three volumes 9789004393219

the area of hispania this being the roman name for the iberian peninsula and its provinces had a great influence on the development of the history of ancient rome in part this was because some of rome s main emperors such as trajan or hadrian politicians including lucius cornelius balbus the first consul of the republic born outside of italy writers and poets like martial or lucanus and philosophers like seneca came from the iberian peninsula it was also a consequence of the enormous commercial flow that existed between the colony and the metropolis and because some of the events that took place in hispania deeply marked rome for this reason many of the main protagonists of its history at some point in their lives lived and fought in hispania including such individuals as sulla pompey julius caesar and augustus among many others iberia became a battleground between rome and carthage in the second punic war followed by the endless bloody struggle against the iberian and celtic tribes that turned hispania into a kind of vietnam for the romans it was also the scene of bitter fighting during the civil wars that led to the end of the republic and the beginning of the empire with the great battles between julius caesar and the sons of pompey as well as the final defeat of quintus sertorius who had held out in spain for over a decade there was also three years of struggle by the emperor augustus trying to quell the revolts of the cantabrian tribes lastly spain as with other parts of the empire had to battle the barbarian incursions those by the mauri came from the south while from the north poured the goths at first they became foederati of the romans fighting for the empire in exchange for land but when rome ended up collapsing the goths occupied the space of power left by the romans this though did not mean the disappearance of the hispano romans but rather that they began to collaborate with the new occupiers of hispania and their influence and legacy can still be felt today this is seen not only through its language and culture but also through a multitude of public works and an enormous amount of historical heritage that we can still enjoy

these volumes of advances in intelligent systems and computing highlight papers presented at the third iberian robotics conference robot 2017 held from 22 to 24 november 2017 in seville spain the conference is a part of a series of conferences co organized by seidrob spanish society for research and development in

robotics and spr portuguese society for robotics the conference is focused on robotics scientific and technological activities in the iberian peninsula although open to research and delegates from other countries thus it has more than 500 authors from 21 countries the volumes present scientific advances but also robotic industrial applications looking to promote new collaborations between industry and academia

this book maps various national legal responses to gender mobility including sex and name registration access to gender modification interventions and anti discrimination protection or lack thereof and regulations the importance of the underlying legislation and history is underlined in order to understand the law s functions concerning discrimination exclusion and violence as well as the problematic nature of introducing biology into the regulation of human relations and using it to justify pain and suffering the respective chapters also highlight how various governmental authorities as well as civil society have been integral in fostering or impeding the welfare of trans persons from judges and legislators to medical commissions and law students a collective effort of scholars scattered around the globe this book recognizes the international trend toward self determination in sex classification and a generous guarantee of rights for individuals expressing diverse gender identities the book advocates the dissemination of a model for the protection of rights that not only focuses on formal equality but also addresses the administrative obstacles that trans persons face in their daily lives in addition it underscores the importance of courts in either advancing or obstructing the realization of individual rights

en esta obra se abordan las t cnicas y estrategias en distintos  mbitos de los medios adecuados de resoluci n de conflictos m todos autocompositivos como son la negociaci n colaborativa la oferta vinculante la mediaci n la conciliaci n la evaluaci n de experto y el derecho colaborativo entre otros la ley org nica 1 2025 de 2 de enero de medidas en materia de eficiencia del servicio p blico de justicia presenta un nuevo panorama en la forma de gestionar los conflictos en espa a potenciando el acuerdo y estableciendo incentivos para ello as  como desincentivos a la falta de colaboraci n los autores son expertos de reconocido prestigio en el  mbito y varios de ellos de los han participado en la tramitaci n de esta norma y su implantaci n se abordan desde un punto de vista normativo te rico y p ractico las diferentes t cnicas y estrategias para resolver conflictos para la formaci n de mediadores y terceros neutrales as  como para la comprensi n de los m s y la consecuente adecuada participaci n de distintos profesionales en ellos

the 2015 inter american yearbook on human rights provides an extract of the principal jurisprudence of the inter american commission on human rights and the inter american court of human rights part one contains the decisions on the merits of the commission and part two the judgments and decisions of the court the yearbook is published as an english spanish bilingual edition the print edition is available as a set of three volumes 9789004338524

this book discusses the developments in policy and practice in the field of formal non formal and continuing vocational education and training in spain since

1970 it describes how vet has been transformed and become one of the country s main areas of pedagogical innovation and also examines current developments such as the role of non formal vocational education and training the accreditation of vocational qualifications acquired in the non formal system and the adoption of dual apprenticeships that bear little resemblance to central european dual systems written by respected researchers in these fields the first section is informative and analytical offering a description of the system and comments based on academic literature and research the second section illustrates the research on relevant issues portraying empirical data from different regions in spain as well as nationwide data explaining and interpreting data on the basis of the authors different theoretical frameworks the book provides a comprehensive updated and accurate overview of vet and relevant research in spain as well as their relation to european and global developments
