el caballero luna debe utilizar todas sus armas y personalidades para hacer frente a  
 toda una ciudad que se ha sumido en la oscuridad a continuación el héroe de  
 khonshu se ve envuelto en una crisis de rehenes pero en un mundo donde todo el  
 mundo tiene un móvil con cámara eso supone también la exposición al ojo público  
 cómo afrontar la fama repentina brian wood toma el mando de la serie allí donde  
 lo dejó warren ellis llevando el planteamiento de la nueva etapa de caballero luna a  
 sus últimas consecuencias

this book may seem a simple accumulation of twenty one public space projects in  
 eight latin american cities on closer inspection the presentation of project  
 descriptions photographs and annotated drawings reflects a concern to analytically  
 explain the operative aspects at work the publication is not intended to serve only  
 as a catalogue guide or manual on how to produce public space in spontaneous  
 settlements rather it goes beyond the aims of an index of best practices it is  
 intended instead as an empirical base for a critical and theoretical engagement with  
 the problematic of development social inclusion public investment in formal  
 settlement civil society and the public sphere the publication achieves its final  
 function at this third level by providing a compelling argument to expand the  
 agency of architects and urban designers and creatively find ways of justifying  
 financing and building public spaces in communities spaces that have a catalytic  
 effectiveness in achieving significant urban and social transformation this book was

strategic culture s in latin america elucidates why many state actors in the global south exhibit a remarkable degree of policy continuity in their external behavior despite structural incentives for change this book contends that the theoretical notion of strategic culture is instructive to explain such a puzzle it extends the application of strategic culture beyond the policy of nuclear deterrence among great

powers into other equally strategic areas of policy such as diplomacy political economy regional international institutions legal norms politico military institutions and different security agendas beyond war and peace for example the illicit drug trade and peacekeeping missions the overall contribution of this book is three fold first it rescues updates and expands the original conceptual and theoretical dimensions of strategic culture second it extrapolates further theoretical implications of the concept through its application to five policy domains in latin america beyond the original application of the strategic culture perspective to nuclear weapons strategy among great powers in the 1970s third it draws together the theoretical and policy implications of the strategic cultures in latin america and identifies possible applications for other peripheral non great power policy areas and issues in the global south this book will be of interest to academics graduate and undergraduate students policy analysts and practitioners of latin american studies international relations theory and security studies
