the whole series is designed to save learning time and guaranteed to give the best value whether you want to get to grips with windows photoshop or even the latest digital gadget these easy to follow guides are the perfect companion for fast and productive learning written in a jargon free easy to follow style with helpful graphics the in easy steps books explain everything the user needs to know to get working with a new device programming language software electronics or to sharpen up other professional skills each chapter takes you step by step through the functions and uses of a program every page is packed with visual guides so that what you see on your

screen is exactly the same in the book you simply can't go wrong

written in a concise easy to understand style the inside guide to the ipad for seniors is aimed specifically at older readers many of whom struggle to understand computerised devices such as tablets and smartphones with this in mind we have kept computer speak and technical jargon to the minimum so as to make the book as simple and straightforward to read as possible numerous pictures and screenshots also help to facilitate this the book begins by introducing you to the physical side of the ipad its controls switches and hardware such as microphones ports and sockets it then moves on to the main elements of the device the touchscreen home screen control centre notification centre etc finally we investigate the ipad's apps and see how they work and what can be accomplished with them

provides instructions and advice for seniors on how to use the ipad including getting it ready to use internet searches e mail siri icloud applications social media audio video photographs electronic books settings troubleshooting and accessories

are you ready to unlock the full potential of your ipad without the confusion or frustration you don't have to be a tech whiz to enjoy everything your ipad has to offer in fact this guide is made just for you no jargon no complicated steps and definitely no tech headaches if you've ever felt overwhelmed trying to use your ipad or wondered if you'll ever be able to figure out how to make a video call send an email or navigate the settings you're not alone but the good news is you can master your ipad with ease and have fun doing it whether it's been sitting unused on the table or you're just starting to explore it the ipad seniors guide is your go-to companion to getting comfortable with your ipad one simple step at a time here's what you'll discover inside this guide set up your ipad in less than 10 minutes you'll be using your ipad in no time even if it's still in the box adjust the settings for maximum comfort make your screen larger and easier to read with just a few taps master facetime stay connected with family and friends in seconds with easy to follow instructions discover the best apps for seniors find free fun and practical apps that make life easier healthier and more enjoyable protect yourself from scams learn simple tricks to keep your ipad safe from hackers and avoid those annoying pop ups capture and share beautiful photos take stunning photos

with ease even if you've never used a camera before siri as your personal assistant send hands free texts set reminders and use siri to make your ipad work for you never lose anything again learn the fastest way to organize and find photos files and apps you've saved troubleshoot like a pro fix common problems without calling your grandkids for help and many more so why choose this guide unlike other tech books written for teenagers or engineers the ipad seniors guide is patient easy to read and specifically designed for seniors it's like having a personal tech assistant that's always there to walk you through every step if you've ever felt frustrated lost or unsure about how to use your ipad don't worry you'll soon be navigating your ipad confidently staying connected and enjoying all the amazing features your device has to offer ready to take the first step toward becoming an ipad pro get your copy of the ipad seniors guide today it's time to unlock the magic of your ipad and start enjoying the digital world with confidence just scroll up and grab your copy now it's time to join the ipad revolution

do you really need a computer anymore they're clunky and even laptops aren't as portable as they could be and they don't have touchscreens yes they're great for running power hungry applications but what if you just use it for email web searching and organizing pictures ipads do all that and more if you've used an ipad before then the os will be familiar to you but there's a number of new things you should know about if you've never used an ipad then this book will help you navigate around the device in a way that's easy to understand and not so comprehensive that you feel overwhelmed this book is based off of the ipad 10 2 the one with a home button not the pro models that have abandoned buttons that doesn't mean it's not useful if your ipad doesn't have one but some features will work slightly differently note this book is based off of the book your first ipad but includes extra information on accessibility ready to get started let's go
