the fifth edition of this comprehensive resource helps future and practicing teachers recognize and assess literacy problems while providing practical effective intervention strategies to help every student succeed. DeVries thoroughly explores the major components of literacy offering an overview of pertinent research suggested methods and tools for diagnosis and assessment intervention strategies and activities and technology applications to increase students skills updated to reflect the needs of teachers in increasingly diverse classrooms the fifth edition addresses scaffolding for English language learners and offers appropriate instructional strategies and tailored teaching ideas to help both teachers and their students several valuable appendices include assessment tools instructions and visuals for creating and implementing the book's more than 150 instructional strategies and activities and other resources new to the fifth edition up to date and in line with ILA CCSS and most state and district literacy standards this edition also addresses the important shifts and evolution of these

standards new chapter on language development speaking and listening covers early literacy assessment and interventions new intervention strategies and activities are featured in all chapters and highlight a stronger technology component updated companion website with additional tools resources and examples of teachers using assessment strategies

this volume brings together educational effectiveness research and international large scale assessments demonstrating how the two fields can be applied to inspire and improve each other and providing readers direct links to instruments that cover a broad range of topics and have been shown to work in more than 70 countries the book's initial chapters introduce and summarize recent discussions and developments in the conceptualization implementation and evaluation of international large scale context assessments and provide an outlook on possible future developments subsequently three thematic sections student background outcomes of education beyond achievement and learning in schools each present a series of chapters that provide the conceptual background for a wide range of important topics in education research policy and practice each chapter defines a conceptual framework that relates recent findings in the educational effectiveness research literature to current issues in education policy and practice these frameworks were used to develop interesting and relevant indicators that may be used for meaningful reporting from international assessments other cross cultural research or national studies using the example of one particular survey the programme for international student assessment pisa 2015 this volume links all theoretical considerations to fully developed questionnaire material that was field trialed and evaluated in questionnaires for students and their parents as well as teachers and principals in their schools the primary purposes of this book are to inform readers about how education effectiveness research and international large scale assessments are

already interacting to inform research and policymaking to identify areas where a closer collaboration of both fields or input from other areas could further improve this work to provide sound theoretical frameworks for future work in both fields and finally to relate these theoretical debates to currently available and evaluated material for future context assessments
