mathematics today is approaching a state of crisis as the demands of science and society for mathematical literacy increase the percentage of american college students intending to major in mathematics plummets and achievement scores of entering college students continue their unremitting decline as research in core mathematics reaches unprecedented heights of power and sophistication the growth of diverse applied specialties threatens to fragment mathematics into distinct and frequently hostile mathematical sciences these crises in mathematics presage difficulties for science and engineering and alarms are beginning to sound in the scientific and even in the political communities citing a trend towards virtual scientific and technological illiteracy and a shrinking of our national commitment to excellence in science mathematics and technology a recent study conducted for the president by the u s national science foundation and department of education warns of serious impending shortcomings in public understanding of science today people in a wide range of non scientific professions must have a greater understanding of technology than at any time in our history yet our educational system does not now provide such understanding the study goes on to conclude that present trends pose great risk of manpower shortages in the mathematical and engineering sciences the pool from which our future scientific and engineering personnel can be drawn is in danger of becoming smaller even as the need for such personnel is increasing it is time to take a serious look at mathematics tomorrow

the sheer mass of allusion to popular literature in the writings of james joyce is daunting using theories developed by russian critic mikhail bakhtin r b kershner analyzes how joyce made use of popular literature in such early works as stephen hero dubliners a portrait of an artist as a young man and exiles kershner also examines joyce's use of rhetoric the

relationship between narrator and protagonist and the interplay of voices whether personal literary or subliterate in Joyce's writing in pointing out the prolific allusions in Joyce to newspapers children's books popular novels and even pornography Kershner shows how each of these contributes to the structures of consciousness of Joyce's various characters all of whom write and rewrite themselves in terms of the texts they read in their youth he also investigates the intertextual role of many popular books to which Joyce alludes in his writings and letters or which he owned some well known others now obscure Kershner presents Joyce as a writer with a high degree of social consciousness whose writings highlight the conflicting ideologies of the Irish bourgeoisie in exploring the social dimension of Joyce's writing he calls upon such important contemporary thinkers as Jameson Althusser Barthes and Lacan in addition to Bakhtin Joyce's literary response to his historical situation was not polemical Kershner argues but in Bakhtin's terms dialogical his writings represent an unremitting dialogue with the discordant but powerful voices of his day many inaudible to us now Joyce Bakhtin and popular literature places Joyce within the social and intellectual context of his time through stylistic social and ideological analysis Kershner gives us a fuller grasp of the complexity of Joyce's earlier writings
