since the early 1990s southeast european studies have undergone profound changes being shaped by the wars of yugoslav succession and the ramifications of post socialism coupled with democratic deficiencies which characterize most of southeast europe the countries which it encompasses rest uneasily on the periphery of the developed variant of western capitalism but they have nonetheless to contend with the challenges

of adjusting to a market economy the imprint of these contexts on academic research has led to a discussion of the role of southeast european studies it is the task of this volume to summarize and raise awareness of this discussion series studies on south east europe vol 16 subject european studies sociology politics

an examination of how historical myths have contributed to the crystallization of national boundaries in the balkans primarily among the south slavs

authored by international experts from academia international organizations governments and ngos this book highlights the main environmental security issues in the south east european see countries with a particular focus on climate change and water management the common goal of the authors was to provide a reliable evaluation of whether existing legal regimes and correct implementation of applicable international treaties may contribute to reducing environmental security risks in the region in depth analyses and assessment of major challenges in compliance serve as a firm ground which such evaluation is based on this volume is recommended for public officials legal practitioners and consultants its interest may also extend beyond the see countries serving as a case study of a broader and paradigmatic relevance of the analysis and management of environmental and security issues in a trans boundary context

this book shows how current and future research on the social history of the balkans can be integrated into a broader european framework the contributions look at a range of methodological and empirical issues and the theme that links the various studies is that of the contrasting yet at the same time entangled ideas of the balkans as a mental map and of southeast europe as an historical region series studies on south east europe vol 10

after the conflagration of tito s yugoslavia a medley of new and not so new states rose from the ashes some of the yugoslav successor states have joined or are about to enter the european union while others are still struggling to define their national borders symbols and relationships with neighbouring states strategies of symbolic nation building in south eastern europe expands upon the existing body of nationalism studies and explores how successful these nation building strategies have been in the last two decades relying on new quantitative research results the contributors offer interdisciplinary analyses of symbolic nation building in albania bosnia herzegovina croatia kosovo macedonia montenegro and serbia to show that whereas the citizens of some states have reached a consensus about the nation building project other states remain fragmented and uncertain of when the process will end a must read not only for scholars of the region but policy makers and others interested in understanding the complex interplay of history symbolic politics and post conflict transition

the collapse of communism in central east and south east europe cesee led to great hopes for the region and for europe a quarter of a century on the picture is mixed in many cesee countries the transformation process is incomplete and the economic catch up has taken longer than anticipated the

current situation has highlighted the need for a better understanding of the long term political and economic implications of the central east and south east european historical experience this thematically organised text offers a clear and comprehensive guide to the economic history of cesee from 1800 to the present day bringing together authors from both east and west the book also draws on the cutting edge research of a new generation of scholars from the cesee region presenting a thoroughly modern overview of the history of the region the text will be invaluable to students of economic history and cesee area studies

regional cooperation has become a distinctive feature of the balkans an area known for its turbulent politics exploring the origins and dynamics of this change this book highlights the transformative power of the eu and other international actors

comprises a general survey of the region country surveys political profiles of the region and information on international and regional organizations and research institutes

the rapidly changing political situation in eastern europe has created the need for a survey of the political map this two volume work is compiled of essays on each country with consideration of the background to their existence as unitary states based on a sense of nationhood the aim is to profile each of the nations of eastern europe excluding the former german democratic republic and former soviet union successor states since the complexity of these two areas calls for a separate volume volume i deals with the states of north eastern europe and volume ii deals with south eastern europe the essays offer a concise evaluation of the territorial base and the critical events which have been significant for the development of the national identity and the creation of the state

with the need to handle persisting problems and conflicts from the past while coping with new economic and political structures southeast europe proves to be a challenging yet fruitful testing ground for establishing a long term process of social and economic integration this volume provides a theoretical and comparative overview which examines the prospects for spatial cohesion in this region

contents southeastern europe the unlikely security community environmental security in southeastern europe a basis for regional co operation  
russian in the transcaucasus and kosovo from insecurity to security provider churches and in security providers in southeastern europe bulgaria and the disintegration of yugoslavia between ethnic affinity and international commitment regional implications of a failed transition to democracy the case of serbia the internationalisation of conflict in the transcaucasus and the former yugoslavia the osce security model for the balkans a viable model for the 21st century lessons from un peacekeeping in cyprus srebrenica the failure and future of safe areas conflict management in southeastern europe the use of force as a last resort the georgian abkhazian conflict failed realpolitik with moralistic justifications rethinking the

concept of peace building bosnia and the lessons for kosovo kosovo and the international community index

this issue of zeitgeschichte offers a comprehensive survey of aspects of yugoslav foreign policy during cold war détente due to its geostrategic location on the balkan peninsula yugoslavia became an important focus for the ussr and the united states during the east west conflict after the break with stalin in 1948 the yugoslav leader tito sought to position yugoslavia as a non aligned state on the international level and played a hegemonic role in the non aligned movement nam the articles analyze yugoslav policy in the 1960s and 1970s examining its intentions its developments its strategic advantages and its limits in the context of geo political economic and cultural circumstances with a focus on non alignment as a leitmotiv of yugoslav political ambitions political and economic relations between yugoslavia and countries of the nam the role of the balkans in us cold war policy and aspects of yugoslav labor migration

three powerful empires the habsburg the ottoman and the russian spent the 18th and the first third of the 19th centuries fighting each other for power and influence in the balkans this is not however the only significant aspect of the complicated history of the european southeast the intellectual and economic currents that turned the 18th century into a key event in human civilisation were refracted through the prism of balkan regionalism the 130 years between karlowitz and adrianople were able to steer the southeast back onto the rails of a common european history the volume contains the proceedings of an international conference hosted by the sofia university faculty of history in october 2009
