this book introduces readers to the concepts of political philosophy it starts by explaining why the subject is important and how it tackles basic ethical questions such as how should we live together in society it looks at political authority the reasons why we need politics at all the limitations of politics and whether there are areas of life that shouldn t be governed by politics it explores the connections between political authority and justice a constant theme in political philosophy and the ways in which social justice can be used to regulate rather than destroy a market economy david miller discusses why nations are the natural units of government and whether the rise of multiculturalism and transnational co operation will change this will we ever see the formation of a world government about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

this critical study of the influential political theorist dispels popular myths and reveals the inner logic of his varied and notoriously complex writings political theorist leo strauss was

unexpectedly thrust into the media spotlight for his alleged influence on neoconservative politics with the truth about leo strauss michael and catherine zuckert challenged the many claims and speculations about this complex thinker now with leo strauss and the problem of political philosophy they offer a more comprehensive interpretation of strauss s thought using the many manifestations of the problem of political philosophy as their touchstone strauss they argue sought to restore political philosophy to its original socratic form this is demonstrated through his critique of positivism and historicism two intellectual currents that undermined his socratic project the authors also explore strauss s interpretation of both ancient and modern political philosophers including plato aristotle machiavelli and locke finally they examine strauss s thought in the context of the twentieth century when his chief interlocutors were schmitt husserl heidegger and nietzsche leo strauss and the problem of political philosophy is the most in depth treatment of this often misunderstood thinker examining his ideas across his long career it reveals strauss s overall intellectual project to decode how ancient and modern theory attempted to solve the problem of political philosophy and it shows why strauss considered the ancient solution both philosophically and politically superior

intended for use in courses on political philosophy or the history of political philosophy on the history of political philosophy provides a critical account of western political philosophy from classical greece to modern times demonstrating the continued relevance of historical ideas to today s problems the author traces ongoing discussions about justice power and human nature by examining the ideas of key political theorists

this book is a study of political philosophy concerning the relationship between language and state it argues that language gives origin to the state its main idea is that while humans communicate using language they create and use media media extend the distance of communication these media include humans themselves materials human behaviour and consciousness humans then interact on a large scale and form a large community this leads to the dissolution of the tribe and the formation of the state then people seek and provide information give interpretations display attitudes and make promises in organizing the state some people also issue commands they all act through the various types of linguistic communication language is also the key to realizing freedom equality peace democracy and justice this book can be a reference book of political philosophy or political science or political linguistics to be read by university students and professors alike

james v schall presents in a convincing and articulate manner the revelational contribution to political philosophy particularly that which comes out of the roman catholic tradition

oakeshott s memorable lectures on the history of political thought delivered each year at the london school of economics will now be available in print for the first time as volume ii of his selected writings based on manuscripts in the lse archive for 1966 67 the last year of oakeshott s tenure as professor of political science these thirty lectures deal with greek roman mediaeval and modern european political thought in a uniquely accessible manner scholars familiar with oakeshott s work will recognize his own ideas subtly blended with an exposition carefully crafted for an undergraduate audience those discovering oakeshott for the first time will find an account of the subject that remains illuminating and provocative

a reissue of the 1975 edition of strauss views regarding the nature of political philosophy a reissue of the 1975 edition with four added essays this collection offers a clear introduction to strauss views regarding the nature of political philosophy its chief contemporary antagonists its classical forms and its modern version it gives the reader strauss thoughts on what political philosophy has been and should be again selected for their general interest and their accessibility the essays in the book provide a solid foundation for understanding leo strauss and his political philosophy

the revised and updated edition of goodin and pettit s highly acclaimed contemporary political philosophy anthology bringing together the field s most important readings in a single volume unparalleled in the breadth and scope of its coverage this newly revised third edition traces the evolution of political philosophy as a contemporary practice and raises important questions about the impact of current political events fully updated to include 49 contemporary and classic selections from the most distinguished scholars in political philosophy offers expanded coverage of international affairs and political oppression includes essays which represent a diversity of political and ideological positions and features interdisciplinary voices in politics law and economics edited by two of the field s most highly respected scholars the ideal collection of primary readings to accompany the companion to contemporary political philosophy second edition wiley blackwell 2012 for coursework in political philosophy

all political action has in itself a directedness towards knowledge of the good of the good life or of the good society for the good society is the complete political good if this directedness becomes explicit if men make it their explicit goal to acquire knowledge of the good life and of the good society political philosophy emerges the theme of political philosophy is mankind s great objectives freedom and government or empire objectives which are capable of lifting all men beyond their poor selves political philosophy is that branch of philosophy which is closest to political life to non philosophic life to human life from what is political philosophy what is political philosophy a collection of ten essays and lectures and sixteen book reviews written between 1943 and 1957 contains some of leo strauss s most famous writings and some of his most explicit statements of the themes that made him famous the title essay records strauss s sole extended articulation of the meaning of political philosophy itself other essays discuss the relation of political philosophy to history give an account of the political philosophy of the non christian middle ages and of classic european modernity and present his theory of esoteric writing

political philosophy is a concise yet thorough and highly engaging introduction to the essential problems of the discipline

which political entities should the international community recognize as member states granting them the rights and powers of statehood and entitling them to participate in formulating adjudicating and implementing international law what criteria should it use and are those criteria defensible from kosovo palestine and taiwan to south sudan scotland south ossetia abkhazia and catalonia these questions continuously arise and constantly challenge the international community for a consistent principled stance in response to this challenge chris naticchia offers a social contract argument for a theory of international recognition a normative theory of the criteria that states and international bodies should use to recognize political entities as member states of the international community regardless of whether political entities adequately respect human rights or practice democracy he argues we must recognize a critical mass of them to get international institutions working then we should recognize secessionist entities that suffer from persistent grave and widespread human rights abuses by their government and under certain conditions minority nations within multinational states that seek independence we must also recognize entities whose recognition would contribute to the economic development of the least well off entities drawing on the social contract tradition and developing a broadly rawlsian view a law of peoples for recognizing states will both challenge and appeal to a broad readership in political philosophy international law and international relations

first published in 1953 this seminal introduction to political philosophy is intended for both the student of political theory and for the general reader after an introduction which explains the nature and purpose of philosophy dr murray provides a critical examination of the principle theories advanced by political philosophers from plato to marx paying special attention to contemporary issues the book also makes an attempt to define the essential issues of philosophical significance in contemporary politics with special reference to the conflict between political authority and individual rights and to show how the different moral assumptions underlying authoritarian and democratic systems of government are

ultimately based upon different theories of logic

a new understanding of political philosophy from one of its leading thinkers what is political philosophy what are its fundamental problems and how should it be distinguished from moral philosophy in this book charles larmore redefines the distinctive aims of political philosophy reformulating in this light the basis of a liberal understanding of politics because political life is characterized by deep and enduring conflict between rival interests and differing moral ideals the core problems of political philosophy are the regulation of conflict and the conditions under which the members of society may thus be made subject to political authority we cannot assume that reason will lead to unanimity about these matters because individuals hold different moral convictions larmore therefore analyzes the concept of reasonable disagreement and investigates the ways we can adjudicate conflicts among people who reasonably disagree about the nature of the human good and the proper basis of political society challenging both the classical liberalism of locke kant and mill and more recent theories of political realism proposed by bernard williams and others larmore argues for a version of political liberalism that is centered on political legitimacy rather than on social justice and that aims to be well suited to our times rather than universally valid forceful and thorough yet concise what is political philosophy proposes a new definition of political philosophy and demonstrates the profound implications of that definition the result is a compelling and distinctive intervention from a major political philosopher

this book by richard g stevens is a comprehensive introduction to the nature of political philosophy it offers definitions of philosophy and politics showing the tension between the two and the origin of political philosophy as a means of resolution of that tension plato and aristotle are examined in order to see the search for the best political order inquiry is then made into political philosophy s new tension brought about by the growth of revealed religion in the middle ages it then examines the changes introduced by modernity and gives an overview of postmodern political thought the book covers the most influential philosophers and directs readers to the classics of political philosophy guiding them in studying them it is an approachable introduction to a complex subject not just a history of it it is a point of entry into the subject for students and for others as well
