knowledge should be free explore topics and publications central to hacker culture including 2600 magazine appreciate the history of cybersecurity learn about key figures in the history of hacker culture understand the difference between hackers and cybercriminals

competition science vision monthly magazine is published by pratiyogita darpan group in india and is one of the best science monthly magazines available for medical entrance examination students in india well qualified professionals of physics chemistry zoology and botany make contributions to this magazine and craft it with focus on providing complete and to the point study material for aspiring candidates the magazine covers general knowledge science and technology news interviews of toppers of examinations study material of physics chemistry zoology and botany with model papers reasoning test questions facts quiz contest general awareness and mental ability test in every monthly issue

how the language of merit makes caste privilege invisible in contemporary india just as americans least disadvantaged by racism are most likely to endorse their country as post racial indians who have benefited from their upper caste affiliation rush to declare their country post caste in the caste of merit ajantha subramanian challenges this comfortable assumption by illuminating the controversial relationships among technical education caste formation and economic stratification in modern india through in depth study of the elite indian institutes of technology iits widely seen as symbols of national promise she reveals the continued workings of upper caste privilege within the most modern institutions caste has not disappeared in india but instead acquired a disturbing invisibility at least when it comes to the privileged only the lower castes invoke their affiliation in the political arena to claim resources from the state the upper castes discard such claims as backward embarrassing and unfair to those who have earned their position through hard work and talent focusing on a long history of debates surrounding access to engineering education subramanian argues that such defenses of merit are themselves expressions of caste privilege the case of the iits shows how this ideal of meritocracy serves the reproduction of inequality ensuring that social stratification remains endemic to contemporary democracies

engineering padicha nalla future if you study engineering you will have a good future this is a claim often repeated to children and teenagers by parents and teachers in many parts of india but only those who have gone through an engineering college life know that it s not completely true there is a difference between calling yourself as an engineering graduate and an engineer india produces millions of engineering graduates like you and me but only very few of us are actual engineers many of us just graduate with an engineering degree with an artistic dream in mind what do you think is the difference between engineers in many countries around the world and engineers from india in other countries if david

pascal studied electrical engineering in college few years later you can find him working as an electrical engineer in india if ram krishnamurthy studied electrical engineering few years later you can find him working in a completely irrelevant field like software coding banking photography and even movie directing this book is not about the few engineering students in your class who love engineering i don't hate them in fact i am very jealous that they study what they love this book is about the majority of engineering graduates whose lives are wasted in engineering and is intended to tell you why you should make an attempt in pursuing your real passion instead of being suffocated under the weight of an engineering degree this is a story of india's youth welcome to india the land of wasted engineers
