as increasing attention is drawn to globalization questions arise about the fate of the nation a political and social unit that for centuries has seemed the common sense

way to organize the world in nation work timothy brook and andr schmid draw together eight essays that use historical examples from asian countries china india korea and japan to enrich our understandings of the origin and growth of nations asia provides fertile ground for this inquiry the volume argues because in asia the history of the modern nation has been inseparable from global influences in the form of western imperialism yet while the impetus for building a modern national identity may have come from the need to fashion a favorable place in a world system dominated by western nations those engaged in nationalist enterprises found their particular voices more often in relation to tensions within asia than in relation to more generic tensions between asia and the west with topics ranging from public health measures in nineteenth century japan through textual scholarship of tamil intellectuals the willful division of korea s history from china s the development of china s cotton industry and the meaning of postnationalism for chinese artists the essays reveal the fascinating array of sites at which nation work can take place this will be essential reading for historians and social scientists interested in asia timothy brook is professor of history stanford university andr schmid is assistant professor of east asian studies university of toronto

schoppa divides the counties of zhejiang province into four zones by level of political and economic development and scrupulously analyzes the complex processes of remolding society at the local and provincial levels he reveals the common factors that make china a part of the worldwide story of reconstruction reform and developmental change

on july 1 1997 china took control over hong kong where britain had begun a process of introducing democracy beatty examines the process of democratization in hong kong with the argument that democratic development will continue despite being under chinese rule through a series of 128 interviews with 89 hong kong elites from 1997 2002 including legislators and party leaders as well as participant and direct observation of 15 campaigns for the legislative council in 1998 beatty analyzed political leaders beliefs and commitment towards democratic development and institutions and put them into the context of the post handover environment evidence from the interviews is used to test the proposition that adherence to asian values undermines democracy and beatty probed hong kong elites about their beliefs regarding the rule of law freedom of the press civil liberties and the possible trade offs between economic development and democratization a major finding from the in

depth interviews is that while hong kong political elites reject the singapore model and the asian values argument many do believe in trade offs between economic development and democratization beatty also offers sharp insight into the thinking of hong kong political elites and transcends the particular politics of hong kong and delves in the broader subject of elite beliefs and attitudes an important analysis for scholars students and other researchers involved with china hong kong asian politics and political values and political development in general
