this collection of essays highlights the thorny and divisive issue of the admission of women into the
sacramental diaconal priesthood of the christian church from the orthodox theological perspective
the contributions here stem from scientific papers presented at an international conference titled
deaconesses ordination of women and orthodox theology organized in thessaloniki greece in 2015
by the center of ecumenical missiological and environmental studies cemes they cover almost all
the fields of biblical liturgical patristic systematic canonical and historical theology the volume s
