when texas prison scams religion exposes corruption in the texas department of criminal justice especially in the abuse of religion in many ways this

book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners the state veritably ordains the prisoner a field minister that represents the offices of the governor tdcj director and wardens throughout the prison therein tdcj lies about neutrality in a program all about christian missions and lies again in falsely certifying elementary bible students as counselors why is the director sponsoring psychopaths counseling psychopaths in fact tdcj pays 314 million a year to utmb for psychiatric care and receives not a single report of the care given and worse for utmb generates no reports itself the underbelly tdcj s executive culture of cover up is exposed tdcj has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence tdcj dir collier led the prison to model louisiana warden burl cain the most scandal ridden in penal history according to a host of published news stories for 20 years therein collier led tdcj to favor the smallest segment of religious society within evangelical dominionism texas has no business endorsing the truth of any religion over another we close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision maness has been lobbying austin for 15 years to definitively access staff for his 100 000 mothers 1 certainty parole texas constitutional amendment which would revolutionize prison culture and save texans millions of the dollars

over the past thirty years religion has increasingly played a relevant role both on a national level and in international affairs the attempt made by politicians to reframe the policy of social cohesion in a neo nationalist light one land one language one religion one political community demising any kind of multiculturalism facilitating instead a return to assimilation shaped by fear of the other culture religion language and so on is very often associated with a restoration of the primacy of religious discourse in the public sphere it is not just a return of religion in the public sphere but the exploitation of religion by politics to reconstruct a social cohesion in the absence of ideological resources

how disasters that have wrecked work sites throughout american history in all parts of the nation and all sectors of the economy have also inspired policy reform workplace disasters have wreaked havoc on countless american workers and their families they have resulted in widespread death and disability as well as the loss of property and savings these tragic events have also inspired safety reforms that reshaped labor conditions in ways that partially compensated for death suffering and social dislocation in havoc and reform james p kraft encourages readers to think about such disastrous events in new ways placing the problem of workplace safety in historical context kraft focuses on five catastrophes that shocked the nation in the half century after world war ii a time when service oriented industries became the nation s leading engines of job growth looking to growing areas of economic life in the western sunbelt kraft touches on the 1947 explosion of the texas city monsanto chemical company plant the 1956 airliner collision

over the grand canyon the hospital collapses following the 1971 san fernando earthquake the 1980 fire at the las vegas mgm grand and the 1995 bombing of the oklahoma city federal building these incidents destroyed places of employment that seemed safe and affected a relatively wide range of working people including highly trained salaried professionals and blue and white collar groups and each took a toll on the general public increasing fears that anyone could be in danger of being killed or injured and putting pressure on public officials to prevent similar tragedies in the future as kraft considers how these tragedies transformed individual lives and specific work environments he describes how employees employers and public leaders reacted to each event presented chronologically his studies offer a unique and sobering outlook on the rise of a now vital and integral part of the national economy they also underscore the ubiquity and persistence of workplace disasters in american history while building on and challenging literature about the impact of world war ii in the american west within a broader frame they speak to the double edged nature of modern life

a weighty discussion of metal for both passionate fans and neophytes guardian heavy opens an ornate portal into a murky subculture illuminating the marginalia as well as the big beasts sunday times what exactly is heavy metal music how deep do its roots go long established as an undeniable force in culture metal traces its roots back to leather clad iron men like black sabbath and judas priest who imbued their music with a mysterious and raw undercurrent of power heavy unearths this elusive force delving deep into the fertile culture that allowed a distinctive new sound to flourish and flaying the source material to get to the beating heart of the music from the imminent threat of nuclear apocalypse that gave rise to metallica s brand of volatile thrash metal to bloodbath and carcass the death metal bands resurrecting the horror of medieval art but there are always more lines to be drawn cradle of filth and ulver trade in the transgressive impulses of gothic literature pantera lay bare nietzsche s superman getting high leads to the escapist sci fi dirges of sleep and electric wizard while the recovery of long buried urns in the seventeenth century holds the key to the drone of sunn o dissecting music that resonates with millions heavy sees slipknot wrestling with the trauma of 9 11 alice in chains exposing the wounds of vietnam and iron maiden conjuring visions of a heroic england powerful evocative and sometimes sinister it gives shape and meaning to the terrible beauty of metal

the main goal of the second issue of the annual review of the sociology of religion devoted entirely to religion and politics is precisely to question the sense of a reconstruction of the mutual and simultaneous relations between these two spheres of social life what does this process mean and where is it taking us

this intergovernmental panel on climate change special report ipcc srren assesses the potential role of renewable energy in the mitigation of climate

change it covers the six most important renewable energy sources bioenergy solar geothermal hydropower ocean and wind energy as well as their integration into present and future energy systems it considers the environmental and social consequences associated with the deployment of these technologies and presents strategies to overcome technical as well as non technical obstacles to their application and diffusion srren brings a broad spectrum of technology specific experts together with scientists studying energy systems as a whole prepared following strict ipcc procedures it presents an impartial assessment of the current state of knowledge it is policy relevant but not policy prescriptive srren is an invaluable assessment of the potential role of renewable energy for the mitigation of climate change for policymakers the private sector and academic researchers

a call for a more thoughtful and democratic approach to technology policy and regulation

for more than 40 years computerworld has been the leading source of technology news and information for it influencers worldwide computerworld s award winning site computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global it media network

this book analytically reviews the impact of the global anti money laundering and counter terrorist financing aml cft framework on the compliance trajectory of a number of jurisdictions to this framework the work begins by examining the international financial sector reform and its evolution to inculcate the global framework for aml cft regulations it challenges the resulting uniform aml cft due to its paradoxical impact on the compliance trajectory of african countries and emerging economies acs ees this is done through an examination of the pre conditions for effective regulation and compliance drivers for acs ees that reveals the behavioural impact of the aml cft standards on the bloc of countries through the application of agency theory it explores the relationship between acs ees on the one hand and the international financial institutions that formulate disseminate and facilitate compliance with the global framework for aml cft standards on the other the remaining chapters review empirically the compliance pressures and resulting compliance trajectory of acs ees with the aml cft standards the final part of the book provides a detailed explanation of the compliance challenges of acs ees and the legitimacy concerns that facilitate this this book offers a new direction on the impact of global aml cft standards on acs ees and contributes to the understanding of the conditions under which the global standards are likely to facilitate proactive compliance within these blocs of countries as such it will be a valuable resource for academics researchers and policy makers working in this area

the editors have engaged leading scientists in the field to participate in the development of this book which is envisioned as a one of a kind contribution to the field the book is a comprehensive text that puts fundamental bioanalytical science in context with current practice its challenges and ongoing developments it expands on existing texts on the subject by covering regulated bioanalysis of both small and large molecule therapeutics from both a scientific and regulatory viewpoint the content will be useful to a wide spectrum of readers from those new to bioanalysis to those developing their experience in the laboratory or working in one of the many critical supporting roles to seasoned practitioners looking for a solid source of information on this exciting and important discipline

the first part of the book reviews the way flavour is detected and measured the first two chapters discuss our understanding of how humans perceive and then process information about taste compounds chapter three reviews current practice in the sensory analysis of food flavour chapter four discusses choosing from the wide range of instrumental techniques which have been developed to identify aroma compounds the final chapter in part one discusses the complex issues in matching instrumental measurements with the results of sensory evaluation of foods part two reviews key research in the way flavour compounds are retained within foods and the factors determining the way they are released there are chapters on flavour compound interactions with lipids emulsions protein and carbohydrate components in food other chapters review modelling aroma interactions in food matrices and mechanisms of flavour retention in and release from liquid food products the final part reviews what we now know about how humans experience flavour release together with some of the key factors influencing this process there are chapters on the process of flavour release in the mouth the way texture aroma and odour taste interactions influence this process psychological factors and the development of flavour perception during infancy flavour in food seeks to distil key developments in flavour science and summarise their implications for the food industry it is a valuable reference for r d staff those responsible for sensory evaluation of foods and product development as well as academics and students involved in flavour science understand how flavour is detected and measured analyses key research in the retention and release of flavour compounds examines how humans experience flavour release

colonial capital and imperialism have shaped and redefined built environments in both metropole and periphery apparitions of trans atlantic colonialism and neo colonialism haunt those societies and bound an important field of ideological and political contest repudiation and resistance most of those actions have targeted commemorative monuments object collections and museum interpretation below and beyond those blatant ideological examples of imperialism however are the landscapes and structures that reinforce a habitus of imperial life inferring rather than explicitly declaring its hegemony this collection of historical archaeological studies centered in the long nineteenth century examines and reinterprets a series

of architectural remnants structures and landscapes that continue to ideologically reinforce neo colonial social and power asymmetries examples include the failing spanish mission and colony in new spain the bombastic reconstruction of imperial paris the nascent imperium centered in an expanding new york city the failed cooperative utopia of the oneida religious community and the wide area effects of early industrialization in new england

meet the super heroes of history the women who have shaped history and society since ancient times from the first attempts to end slavery in the 1800s to the civil rights movement of the 1950s and 1960s women were in the forefront of the struggle to achieve equality for black americans rosa parks in montgomery and viola desmond in canada both sparked effective mass movements that led to change while other women led the way in educating black voters and organizing protests such as lunch counter sit ins and the freedom rides as soon as they could black women played an active role in local state and federal government paving the way for more women of color than ever to sit in the u s congress this book tells the stories of the pioneers who made this possible about the series from leading warriors into battle in tang china to fighting for civil rights exploring the deserts of asia and standing up for indigenous peoples around the world women have shaped history and society since ancient times often however their achievements went unrecognized with lively text compelling photography and art super heroes of history brings herstory to life illuminating the achievements of remarkable women from all backgrounds and all periods of time the aim of this four book series is to bring their inspiring stories to young readers and to use engaging interactive prompts and questions to persuade them that anyone can grow up to change the world
