the geography attitude as author mike mcguire the map man called it was explained in the geography literacy report by the gallup poll in 1993 again by the u s education department in 1994 and in 2002 by the national assessment of educational progress naep and the national geographic roper 2002 global geographic literacy survey all stating how poorly american students did in testing for geography literacy u s and world geography is not taught as a core subject in our school systems here in america but as a part of another subject such as history or the english language so it is no wonder why american students and adults for that matter of fact are so poor in their understanding of the subject material of geography this educational trend needs to be reversed because u s geography is so vital to our daily lives global events and our culture by using the common and popular method of trivia questions note the popular tv shows jeopardy who wants to be a millionaire and the weakest link among others this format was chosen to develop interest fun in learning and respect for the educational value of geography let s first start by learning about the geography in our homeland the united states of america and then move on to world geography later

all papers were peer reviewed these contributions address regional geodynamics and geohazards mitigation of the catastrophic impacts of extreme natural events on society and how to raise the awareness of scientific as well as political decision makers in order to launch appropriate initiatives for the region in terms of disaster mitigation and preparedness these contributions provide an invaluable insight and archival record of the relationship between earth dynamics natural hazards and georisk and society in this region
