please note this is a companion version not the original book sample book insights 1 the nazi international had a comprehensive coordinated agenda with long range goals it intended to exercise significant influence over the fields of exotic physics and technologies space economics and global finance and the exploitation of conflict 2 the grand design of nazi party reichsleiter martin bormann was to transform national socialism into international fascism and to infiltrate and eventually control key areas of the very nations that had defeated the third reich 3 the book is about a conspiracy theory or perhaps better said a hypothesis it remains for the reader to judge if it is a plausible and reasonable one the book does not attempt to construct some sort of grand unified conspiracy theory of modern history but rather proposes an extensive but still limited hypothesis to explain events that cannot be explained by other hypotheses

a history of nazi germany s ss and its leader examining the groups mystical cult aspects and himmler s rise through the ranks of power hitler s nazi party at its evil roots embraced a bizarre interpretation of ancient european paganism blending it with fragments of other traditions from sources as diverse as tenth century saxon warlords nineteenth century spiritualism and early twentieth century fringe archeology even the swastika the hated symbol of nazism had its roots in ancient symbolism its first recorded appearance carved into a mammoth tusk twelve thousand years before hitler came to power at the heart of the evil

was hitler's witch doctor heinrich himmler and his stranger than fiction cult the deadly ss the mundanely named schutzstaffel literally protective squadron was the very essence of nazism and their threatening double lightning bolt was one of the most dreaded symbols of the third reich with good reason what the ss was truly protecting was the ideology of aryan superiority hitler's master of the dark arts is the first history of the ss and its leader to focus on the mystical cult aspects of the organization it follows himmler's transformation of the ss from a few hundred members in 1929 to over fifty thousand black uniformed aryan by the mid 1930s concurrent with its expansion and its eventual independence from the brown shirts of the sa himmler infused the black knights with a mishmash of occult beliefs and lunatic fringe theories that would have been completely laughable except that they were also used to justify the final solution

presents an expose on secret nazi technology nazi survival and post war nazi manipulation of technologies this title includes pre world war ii nazi partnerships in the usa including those with the bush family and nazi germany's penetration of the muslim world including wilhelm voss and otto skorzeny in gamel abdul nasser's egypt

one of the world's leading historians re-examines world war ii and its outcome a clear-eyed reappraisal of world war ii that offers new insight by reevaluating well-established facts and pointing out lesser-known ones no simple victory asks readers to reconsider what they know about the war and how that knowledge might be biased or incorrect norman davies poses simple questions that have unexpected answers can you name the five biggest battles of the war what were the main political ideologies that were contending for supremacy the answers to these questions will surprise even those who feel that they are experts on the subject davies has established himself as a preeminent scholar of world war ii no simple victory is an invaluable

contribution to twentieth century history and an illuminating portrait of a conflict that continues to provoke debate

offers the full story of a fateful alliance between past and future mortal enemies long preceding the well known ribbentrop molotov pact whose dimensions were kept secret from the outside world and yet which set the stage for world war two and its outcome

the conventional narrative of the second world war is well known after six years of brutal fighting on land sea and in the air the allied powers prevailed and the nazi regime was defeated but as in so many things the truth is somewhat different bringing a fresh eye to bear on a story we think we know norman davies forces us to look again at those six years and to discard the usual narrative of allied good versus nazi evil reminding us that the war in europe was dominated by two evil monsters hitler and stalin whose fight for supremacy consumed the best people in germany and in the ussr the outcome of the war was at best ambiguous the victory of the west was only partial its moral reputation severely tarnished and for the greater part of the continent of europe liberation was only the beginning of more than fifty years of totalitarian oppression davies writes with real knowledge and passion michael burleigh evening standard punchy and compelling noel malcolm sunday telegraph

francis parker yockey a lawyer and former war crimes prosecutor was one of the most enigmatic figures inside the far right in both europe and america while he is best known today for his book imperium a huge tome often described as a mein kampf for modern day neo nazis his life remains a mystery pursued by the u s government for almost a decade yockey was arrested by the fbi in 1960 shortly after his capture he was found dead in his jail cell an autopsy showed that the 43 year old mystery man

had swallowed a cyanide capsule yockey's story takes us into the heart of the postwar fascist international a shadow reich composed of spies conspirators and occultists

in empire beneath the ice author stephen quayle reveals why most of what you learned about world war ii and the defeat of nazi germany is wrong you'll discover why the suppressed evidence proves adolf hitler didn't die before germany surrendered during wwii and how he eluded capture how nazi ss members scientists and soldiers escaped with hitler to create colonies in other parts of the world to continue their monstrous research why in 1947 admiral richard e byrd warned that the us should adopt measures to protect against an invasion by hi tech aircraft coming from the polar regions adding the time has ended when we were able to take refuge in our isolation and rely on the certainty that the distances the oceans and the poles were a guarantee of safety how using advanced technology nazi saucers defeated the us military long after wwii was supposedly over why the us space program was mostly a sham and why the ufos that started appearing around the world in the late 1940s were and still are most likely flown by nazi pilots how key government manufacturing pharmaceutical financial leaders and institutions helped hitler come into power and facilitated the preservation of nazi wealth and power after wwii why today's world is secretly controlled by a malevolent shadow government and entire populations are being surreptitiously brainwashed how ancient stargates have been duplicated to open portals into spiritual and demonic universes why those controlling our planet have laid the groundwork for a takeover by a dictator who could best be described as the antichrist of the bible empire beneath the ice exposes the dangers our world faces and will arm you with the tools you need to counter these unspeakable secret evils publisher description

for big business in germany and around the world hitler and his national socialist party were good news business was bad in the 1930s and for multinational corporations germany was a bright spot in a world suffering from the great depression as jacques r pauwels explains in this book corporations were delighted with the profits that came from re arming germany and then supplying both sides of the second world war recent historical research in germany has laid bare the links between hitler s regime and big german firms scholars have now also documented the role of american firms general motors ibm standard oil ford and many others whose german subsidiaries eagerly sold equipment weapons and fuel needed for the german war machine a key roadblock to america s late entry into the second world war was behind the scenes pressure from us corporations seeking to protect their profitable business selling to both sides basing his work on the recent findings of scholars in many european countries and the us pauwels explains how hitler gained and held the support of powerful business interests who found the well liked oneparty fascist government ready and willing to protect the property and profits of big business he documents the role of the many multinationals in business today who supported hitler and gained from the nazi government s horrendous measures
