by the end of the twentieth century some nine million people of south asian descent had left india bangladesh or pakistan and settled in different parts of the world forming a diverse and significant modern diaspora in the early nineteenth century many left reluctantly to seek economic opportunities which were lacking at home this is the story of their often painful experiences in the diaspora how they constructed new social communities overseas and how they maintained connections with the countries and the families they had left behind it is a story compellingly told by one of the premier historians of modern south asia judith brown whose particular knowledge of the diaspora in britain and south africa gives her insight as a commentator this is a book which will have a broad appeal to general readers as well as to students of south asian and colonial history migration studies and sociology

includes entries for maps and atlases

judith brown explores nehru as a figure of power and provides an assessment of his leadership at the head of a newly independent india with no tradition of democratic politics

a new edition of this widely used text covers the last two centuries of indian history concluding with an epilogue written from the perspective of the 1990s it thematically and analytically discusses the emergence of india as one of the world s largest democracies and one of the most stable of the states to emerge from the experience of colonialism the foundations of this rare phenomenon in either asia or africa are seen in india s society the ideas and beliefs of her people and the institutions of government and politics which have developed on the subcontinent in a process of interaction between what was indigenous to india and the many external influences brought to bear on the country by economic political and ideological contact with the western world modern scholarship has shown how diverse and complex was india s socio economic and political development and this theme runs through the study which eschews any simple understanding of india s political development as a clash between imperialism and nationalism or the making of a new nation the complexity reflects many of the continuing ambiguities and inequalities in the subcontinent s life and suggests why the structures of the state and indeed the very nature of the indian nation are now being questioned often with unprecedented public violence india s dilemmas are not hers alone they also raise economic political and social issues of profound significance throughout the contemporary world

heartily recommended since not even a reference librarian par excellence can come close to knowing the best in any given discipline no library should be without access to this set for its patrons booklist impressively meets a quite formidable task providing basic material on many subjects for the nonspecialist student librarian choice from age old classics to the writings of today the reader s adviser 14th edition helps you and your patrons select and appreciate the world s greatest books this monumental work features hundreds of authors and thousands of works new to this edition plus updated entries and revised material in every chapter updated critical and biographical profiles reflecting the latest understanding and scholarship more women writers and more culturally diverse writers from around the world title name subject indexes in every volume order the complete 6 volume set for only 500 00 a savings of 160 00 if you purchased each volume separately

every 3rd issue is a quarterly cumulation
