from the bbc reith lecturer 2021 the most important book i have read in quite some time daniel kahneman a must read max tegmark the book we've all been waiting for sam harris humans dream of super intelligent machines but what happens if we actually succeed creating superior intelligence would be the biggest event in human history unfortunately

according to the world's pre eminent ai expert it could also be the last in this groundbreaking book stuart russell sets out why he has come to consider his own discipline an existential threat to humanity and how we can change course before it's too late in brilliant and lucid prose he explains how ai actually works and its enormous capacity to improve our lives and why we must never lose control of machines more powerful than we are russell contends that we can avert the worst threats by reshaping the foundations of ai to guarantee that machines pursue our objectives not theirs profound urgent and visionary human compatible is the one book everyone needs to read to understand a future that is coming sooner than we think longlisted for the financial times mckinsey business book of the year thought provoking financial times fascinating and significant sunday times the most important book on ai this year guardian

why are we willing to die for our countries how can ideology persuade someone to blow themselves up when we go to war morality religion and ideology often take the blame but mike martin boldly argues that the opposite is true rather than driving violence these things help to reduce it while we resort to ideas and values to justify or interpret warfare something else is really propelling us towards conflict our subconscious desires shaped by millions of years of evolution

when the sdf 1 originally crashed into macross island a life support chamber dropped into the ocean the chamber contained a young female from the future named dana sterling who happens to be the daughter of a future max and miriya dana has been sent back to warn everyone about certain threats to humanity including the invid's regress who using shadow technology is causing chaos across multiple realities in her hunt for protoculture and the energy needed to create the flower of life

winter has melted away making way for the warm spring to arrive full of hope and anticipation druid and ivy travel to the next village over to experience an exhilarating spring festival this village is like nothing ivy has ever seen before even the gate protecting it is different ivy can't wait to find out what this vibrant and colorful place has in store for her and her friends

this book is about a young man and his journey's with his painful life in every step he takes as nobody is aware of this he psychologically has stress from being alive the 32 year old man has endless thoughts about his pain that the god has done to him as each day that goes by he talks to god in his mind why why why this man has no time to waste as he is

always thinking for his future and this future is ultimately to be safe in his thoughts as he journeys every day from the time he wakes to the time he sleeps he waits truths that are out there and the mysteries that surround him on this earth and ultimately out there in space he can't wait in his mind just to be free and as he walks this earth he encounters thoughts and dreams that are full of psychological stress and one thing he does is he carries all the weight on his shoulders he knows that one that he will find the truth to why the god has made him but until then he will struggle in this life as a human being walking step by step the pain he endures in this life it's a wonder that he still is alive the silence he keeps will always remain the same like a battle of ships so enjoy as the reader just how his mind operates psychologically the order in his mind is there but so much different too the persons around him where ever he goes

exploring the lives of abraham and job ben patterson offers insight and practical comfort for those who wait
