methods just as diseases or scientists have their own history it is important for scientists to be aware of the genesis of the methods they use and of the context in which they were developed a history of epidemiologic methods and concepts is based on a collection of contributions which appeared in spm international journal of public health starting in january 2001 the contributions focus on the historical emergence of current epidemiological methods and their relative importance at different points in time rather than on specific achievements of epidemiology in controlling plagues such as cholera tuberculosis malaria typhoid fever or lung cancer the papers present the design of prospective and retrospective studies and the concepts of bias confounding and interaction the compilation of articles is complemented by an introduction and comments by prof alfredo morabia which puts them in the context of current epidemiological research

an experienced practitioner explains how empathy dolls can be used with young girls and boys to help their emotional development or assist with behaviour problems

doll therapy can be a comforting intervention for people with dementia but ethical issues make it a hotly debated topic this is the first book to look closely at the issues using theory and current research to advocate the use of dolls in therapeutic practice with guidelines for practice this is a must read for all dementia care professionals

supporting young children experiencing loss and grief provides early years practitioners and key stage 1 teachers with practical advice to support children experiencing feelings related to change and loss using key case studies and interviews with children and adults this important text uncovers best practice techniques to help children talk about their feelings covering more than bereavement it considers the loss children feel when they move home undergo a change in routine experience their parents or carers separation move settings or lose contact with a close friend nursery practitioner or teacher providing answers to the key question of how to support children who have feelings of loss and grief supporting young children experiencing loss and grief is a must read text for all those working with young children in caring environments who are looking to provide children with the tools they need to talk about their emotions

this treatise is used by attorneys and judges throughout california as a comprehensive resource on evidentiary and constitutional issues it is unique in its approach with numerous checklists courtroom scripts and easy reference charts the california guide to criminal evidence currently in its 8th edition is the one publication in california that provides a systematic approach for practitioners and judicial officers to efficiently address evidentiary and constitutional issues during a trial or motion hearing complete with federal and state case and statutory law legal commentary and comprehensive easy to access flowcharts and tables the california guide to criminal evidence is the primary resource a litigator will need to accurately resolve complex evidentiary or constitutional questions and effectively introduce an item for admission into evidence and get it admitted by the court it is also functional and compact in that it was created to be brought to court along with counsel s trial binder and materials to be used when quick answers are required concerning evidentiary matters the california guide to criminal evidence was designed as a practice guide to assist attorneys navigate through the maze of legal issues that surface during a proceeding with ease speed and precision although organized with a criminal law emphasis the california guide to criminal law evidence has been widely used by both civil and criminal law practitioners judges and law professors unlike other evidence treatises on the market the california guide to criminal evidence was written for new and experienced litigators complete with in depth legal analysis and commentary practice charts and tables sample scripts and scholarly and practical insight from an experienced criminal and civil trial judge it highlights what judges look for and expect from counsel when seeking to introduce specific items of evidence for admission and how to respond to a judge s questions swiftly concisely and with applicable legal reasoning while other books on the market cover evidence and constitutional issues separately the california guide to criminal evidence does both for one affordable price far below the cost of other texts offering less content and while competitor publications focus primarily on california state cases the california guide to criminal evidence contains a comprehensive examination of the federal rules of evidence and u s supreme court and ninth circuit court of appeals decisions and the california guide to criminal evidence can be

purchased in print version or ebook format there is simply no equal to this unique practice resource on the market today the california guide to criminal evidence is organized in two distinct parts part 1 is a comprehensive discussion and analysis of the evidence code the fourth fifth and sixth amendments to the u s constitution and all relevant case and statutory law the discussion is organized to give the practitioner a practical and step by step methodology to assess the admissibility of evidence in a criminal trial or hearing this approach requires the practitioner to address the following questions whenever the admissibility of evidence is in issue chapter 1 relevance is the evidence relevant chapter 2 foundation can the necessary foundation be established for the evidence chapter 3 hearsay does the evidence constitute hearsay and if so does it fall within a recognized exception to the hearsay rule chapter 4 statutory limits on particular evidence is the evidence subject to exclusion or limitation under evidentiary rules related to character evidence impeachment or privilege chapter 5 exclusion of evidence on constitutional grounds is the evidence subject to exclusion under the fourth fifth or sixth amendment to the u s constitution chapter 6 discretionary exclusion under evid c 352 can the evidence survive exclusion under evidence code 352 chapter 7 preliminary fact determinations does the admissibility of a particular item of evidence depend on the existence or nonexistence of some other fact chapter 8 burdens presumptions are there any burdens of proof or presumptions applicable to a fact or issue in the case part 2 provides an assortment of charts and tables to assist the practitioner in addressing the evidentiary issues discussed in part 1 quickly and effectively in the courtroom these charts and tables cover topics such as evidentiary objections hearsay exceptions character evidence privileges and numerous issues under the u s constitution reviews and words of praise what took us several hours of research in the law library this book succinctly and accurately summarized it s hard to imagine a criminal trial lawyer not having this useful guide in his trial briefcase james campbell esq campbell demetrick plc san francisco past president of the american board of criminal lawyers former dean of the nat l college of dui defense the book gives quick and reliable answers to all evidence questions demonstrating what is admissible what is not and the hows and whys of using the rules of evidence to win cases all busy lawyers will find it useful just about every day edward mallett mallett saper berg llp past president of the nat l ass n of criminal defense lawyers with this book i will no longer be panicking when the issue of admissibility as to a critical piece of evidence is suddenly being litigated mid trial louis j shapiro law offices of louis j shapiro los angeles certified specialist criminal law this book provides a systematic approach to determining evidence issues complete with insightful commentary flowcharts and tables to identify analyze and resolve evidence and constitutional questions during trial while serving as a superior court judge it was always within arms reach and one of my most valuable resources honorable stanford reichert ret california superior court judge

for those with mobility and communication challenges arts therapies can be especially significant and rewarding as a means of self expression and engaging with others this book provides practical guidance on multimodal and archetypal arts therapy approaches adapted specifically for a physical disability context practical strategies and interventions are given alongside case studies from individual and group arts therapy sessions the author acknowledges the challenges of working with clients with physical disabilities such as physical assistance in using resources subtleties in communication of preferences and the need for extra members of staff and gives clear guidance for accessible and effective sessions this is essential reading for any arts therapist wanting a tailored approach to

meeting the needs of people with physical disabilities with a focus on person centred and strengths based methods in addition all frameworks covered are also adaptable for other client groups

this text aims to be useful and relevant for student nurses from all backgrounds with a range of professional aspirations it demonstrates the importance of psychology in both the nursing role and in health care in general

whether your course emphasizes business public policy or personal decision making the balanced coverage offered in this text gives your students the analytical skill essential to any management decision process featuring student friendly writing this brief noncalculus based text is an invaluable resource for students from a wide variety of backgrounds andrew golub employs the rational method of decision making as an analytical framework techniques derived from economics probability and cognitive psychology are presented as part of a step by step approach to making good decisions

this book contains 20 cases and four tutorials centered around microsoft excel and access the tutorials help users learn or brush up on the pertinent application based skills they ll need for the cases and the cases provide scenario based practice in making business decisions and using tools these cases require users not only to go through the motions of creating spreadsheets and databases but also to think through the processes they re learning in order to solve business problems
