preaching from inside the story is a book that seeks to carve out an understanding of narrative preaching in an age where there is little agreement about its nature and practice capitalizing on the works of craddock and lowry it seeks to find an expanded palette upon which the preacher may engage the larger canvas of narrative preaching this book will engage the mind by introducing neuroscientific understandings of creativity build upon the foundations of the philosophy of stories by engaging aristotle s foundational understanding of narrative and renew the lowry loop by expanding this seminal work and how it should be understood in our current culture preaching from inside the story breaks new ground by encouraging preachers to move inside stories and tell them from the inside out providing a positive effect thereby affording non narrative preachers to connect with storytelling principles ultimately it is filled with examples of how to do narrative in a very practical way however in showing these practical examples the reader is involved in a deep analysis of those narrative sermons and how they fit into an overall narrative understanding of preaching in the final analysis it invites the reader to take a fresh journey into narrative preaching
