as a rideshare driver waiting for somebody to show on the app i had plenty of time to meditate about important subjects that has been difficult to solve since the beginnings of humanity like for example who was first the egg or the hen after years of discussion research and study i ve come to the conclusion that nobody knows and nobody will determine who is immigrant or national since the evolution theory comes with the cell growing and evolving from it through earlier apes nakalipithecus ouranophitecus gorilla split sahelanthropus possibly bipedal orrorin chimpanzee split in the hominini stage miocene age then the homo habilis stage of the pliocene age including the ardipithecus australophitecus earliest bipedal and use of stone tools and the pleistocene age starting with the homo erectus exit from africa and earliest fire use following the homo heidelbergensis earliest clothes and cooking the neanderthals and the homo sapiens which characterize as modern humans speech as published on wikipedia some religions still believe that there is a god who created a man

then took out his rib and made a woman in some place with unknown coordinates named eden then the woman ate an apple a snake gave her and then they both were kicked out from that place and sent somewhere else even if i believe this theory who can answer me who is the immigrant if they then began to populate our planet with their descendants these days sales of tiki torches and white bedding sets skyrocketed thanks to radical nationalist nerves stimulated by leaders and small groups around the us and other developed countries on east west north and south setting the public stage to the spread of hate speech and crimes but is that bad to be here and speak other language be fat non white and ugly like me how does the us thrive with a population of 329 758 344 humans and around 350 languages spoken in its territory
