the sixth edition of this bestselling book takes students on a journey through the 20th century and provides a clear overview of the key events which have shaped modern world history unrivalled in its broad coverage it surveys international relations and war from 1900 to the present day examines the rise and fall of fascism and communism around the globe explores the international affairs of the major superpowers the usa russia ussr and china assesses the experience of decolonization in india africa and latin america unpicks global issues including economic crises and population increase chapters feature maps diagrams and end of chapter questions to support and reinforce understanding this new edition has been updated to take account of new scholarship and provide a more global approach to key chapters in modern world history key

changes include new material on the second world war beginning with the outbreak of war between china and japan and touches upon italy s campaigns in east and north africa and civil wars taking place in china spain and the ukraine coverage of new historical interpretations of the events that led to the first world war new chapters on the history of the united states of america a new chapter on tsar nicholas ii and the russian revolutions of 1917 mastering modern world history is the go to textbook for secondary school students and undergraduates studying modern world history and international relations and an ideal companion for anyone with an interest in how the world got into its present state

the sequel and companion volume to c a bayly s ground breaking the birth of the modern world 1780 1914 this wide ranging and sophisticated study explores global history since the first world war offering a coherent comparative overview of developments in politics economics and society at large written by one of the leading historians of his generation an early intellectual leader in the study of world history weaves a clear narrative history that explores the themes of politics economics social cultural and intellectual life throughout the long twentieth century identifies the themes of state capital and communication as key drivers of change on a global scale in the last century and explores the impact of those ideas interrogates whether warfare was really the pre eminent driving force of twentieth century history and what other ideas shaped the course of history in this period explores the causes behind the resurgence of local conflict rather than global scale conflict in the years since the turn of the millennium delves into the narrative of inequality a story that has shaped and been shaped by the events of the last hundred years part of the blackwell history of the world series the goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world it will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time the volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change each provides a systematic account of a very large subject but they are also both imaginative and interpretative the series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production

this clearly written and engrossing book presents a global narrative of the origins of the modern world from 1400 to the present unlike most studies which assume that the rise of the west is the story of the coming of the modern world this history drawing upon new scholarship on asia africa and the new world and upon the maturing field of environmental history constructs a story in which those parts of the world play major roles including their impacts on the environment robert b marks defines the modern world as one marked by industry the nation state interstate warfare a large and growing gap between the wealthiest and poorest parts of the world increasing inequality within the wealthiest industrialized countries and an escape from the environmental constraints of the biological old regime he explains its origins by emphasizing contingencies such as the conquest of the new world the broad comparability of the most advanced regions in china india and europe the reasons why england was able to

escape from common ecological constraints facing all of those regions by the end of the eighteenth century a conjuncture of human and natural forces that solidified a gap between the industrialized and non industrialized parts of the world the mounting environmental crisis that defines the modern world and the ways in which the forces of globalization stress the economic and political underpinnings of the modern world now in a new edition that brings the saga of the modern world to the present in an environmental context the book considers how and why the united states emerged as a world power in the twentieth century and became the sole superpower by the twenty first century and why the changed relationship of humans to the environmental likely will be the hallmark of the modern era the anthropocene once again arguing that the us rise to global hegemon was contingent not inevitable marks also points to the resurgence of asia and the vastly changed relationship of humans to the environment that may in the long run overshadow any political and economic milestones of the past hundred years

a history of the modern world an outline is an introductory text that provides a well rounded historical account of the processes of the modern world ranging from the french revolution and napoleon to the cold war the work assesses major moments and transitions in european and world history such as the enlightenment the industrial revolution the american civil war and the world wars of the twentieth century one of the primary objectives of this book is to understand how revolutions wars dictatorships and empires have led to long term experiments with nationalism democracy liberalism human rights socialism sustainable development and global peace this book will be of use to school and university students competitive examinees and general readers who require a clear and concise delineation of modern world history

this clearly written and engrossing book presents a global narrative of the origins of the modern world unlike most studies which assume that the rise of the west is the story of the coming of the modern world this history drawing upon new scholarship on asia africa and the new world constructs a story in which those parts of the world play major roles robert b marks defines the modern world as one marked by industry the nation state interstate warfare a large and growing gap between the wealthiest and poorest parts of the world and an escape from the biological old regime he explains its origins by emphasizing contingencies such as the conquest of the new world the broad comparability of the most advanced regions in china india and europe the reasons why england was able to escape from common ecological constraints facing all of those regions by the 18th century and a conjuncture of human and natural forces that solidified a gap between the industrialized and non industrialized parts of the world view an online study guide for this book

this thematic history of the world from 1780 to the onset of the first world war reveals that the world was far more globalised at this time than is commonly thought explores previously neglected sets of connections in world history reveals that the world was far more globalised even at the beginning of this period than is commonly thought sketches the ripple effects of world crises such as the european revolutions and the american civil war shows how events in asia africa and south america impacted

on the world as a whole considers the great themes of the nineteenth century world including the rise of the modern state industrialisation and liberalism challenges and complements the regional and national approaches which have traditionally dominated history teaching and writing

this second edition has been thoroughly updated and includes discussions on 9 11 and the second gulf war and takes into account the latest historical research a comprehensive survey of the key events and personalities of this period throughout the world it includes discussion on topics such as the rivalry between european nations from 1900 1914 the depression and the rise of fascism during the 1920s and 1930s the global impact of the cold war decolonization and its effects the continuing conflict in the middle east a history of the world provides a fascinating and authoritative account of the world since 1900 for general readers and students of world history alike

the political scene in europe before the war the coming of war world war i 1 re settling europe the treaty of versailles the league of nations the russian revolution states before the war great depression the rise of dictators partition indian independence mussolini hitler world war ii 2 japan mao tse tung the people s revolution in china india in the 20th century japan korea cambodia the boer war rhodesia latin america

the tenth edition of a history of the modern world remains one of the most highly praised history texts ever published the new edition reflects the authors continuing search for historical perspectives on complex events of our age guided by the assumption that the events cultures and conflicts of the contemporary world are always rooted in long evolving processes of historical change book jacket

by investigating the major changes of world history during the past five hundred years this book provides the necessary global perspective to understand the geopolitical and geoeconomic changes facing us today we have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations the need to take a world view which this book provides has become acute

by investigating the major changes of world history during the past five hundred years this book provides the necessary global perspective to understand the geopolitical and geoeconomic changes facing us today we have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations the need to take a world view which this book provides has become acute

conceived and written as a history of the modern world rather than a truncated western civilization book this text is one of the most highly praised history texts ever published it has been adopted at more than 1000 schools and has been translated into six languages lloyd kramer joins the author team for this ninth edition that includes

two new color inserts highlighting fine art additional pedagogy to guide students through challenging material and full up to date inclusion of current events now packaged with powerful dynamic course specific rather than book specific supplement that engages your students in three levels of resource materials and provides a true avenue to extending learning about a subject a history of the modern world is a necessity in any world history course

a truly global view of history covering over 350 of the world's most important turning points presented in a beautiful slipcase this is an essential gift for every history buff world history is the most accessible e guide to the history of human civilisation covering the neanderthals the assyrian empire chinese dynasties vikings world war i apartheid the rise of isis and everything in between this remarkable book offers the most up to date coverage of global history up to and including the arab spring global terror russia and ukraine and the rise of populism in the eu historical moments and movements from across the globe are brought to life with contemporary photography iconic maps and stunning paintings follow humanity's journey and discover all the key thinkers leaders ideas and inventions that shaped the modern world

a history of the modern world is a careful well written narrative of major events from the late middle ages to the political and religious conflicts at the beginning of the twenty first century it offers a wide ranging survey that helps readers understand both the complexities of great events e g the french revolution the first world war or the collapse of great imperial systems and the importance of historical analysis it also provides a careful summary of the modern political changes that have affected the social and cultural development of all modern cultures throughout the book's lifetime a history of the modern world has been hailed as an elegantly written historical narrative filled with analysis and balanced historical insights as well as its traditional attention to the processes of historical change conflict and political transformations the tenth edition has been updated to include the clear maps the survey of global economic connections the chronologies the illustrations and the up to date bibliographies that today's students need and expect

by investigating the major changes in world history during the past five hundred years woodruff explains to what extent world forces have been responsible for shaping both the past and the present this extraordinary book tells of the rise and fall of empires and civilizations it recounts the growing communality and interdependence of nations it shows how so many problems of the contemporary world are the legacy of an unprecedented era of western domination the end of which was hastened by the two world wars in explaining how the world has come to be what it is the author examines the implications surrounding the end of the cold war the unravelling of communism in eastern europe and the growing challenge of the non western world to western superiority it is woodruff's belief that we have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations with the shift of geopolitical and geoeconomic power to asia and with the growing world wide influence of religious fundamentalism and revolutionary nationalism the need for a global

perspective has become acute a concise history of the modern world encompasses the learning and the insights gleaned by the author from a life time career as a world historian
