james adair was an englishman who lived and traded among the southeastern indians for more than 30 years from 1735 to 1768 adair's written work first published in england in 1775 is considered one of the finest histories of the native americans

when europeans first arrived in north america between five and eight million indigenous people were already living there but how did they come to be here what were their agricultural spiritual and hunting practices how did their societies evolve and what challenges do they face today eminent historians theda perdue and michael green begin by describing how nomadic bands of hunter gatherers followed the bison and woolly mammoth over the bering land mass between asia and what is now alaska between 25 000 and 15 000 years ago settling throughout north america they describe hunting practices among different tribes how some made the gradual transition to more settled agricultural ways of life the role of kinship and cooperation in native societies their varied burial rites and spiritual practices and many other features of native american life throughout the book perdue and green stress the great diversity of indigenous peoples in america who spoke more than 400 different languages before the arrival of europeans and whose ways of life varied according to the environments they settled in and adapted to so successfully most importantly the authors stress how native americans have struggled to maintain their sovereignty first with european powers and then with the united states in order to retain their lands govern themselves support their people and pursue practices that have made their lives meaningful going beyond the stereotypes that so often distort our views of native americans this very short introduction offers a historically accurate deeply engaging and often inspiring account of the wide array of native peoples in america about the series combining authority with wit accessibility and style very short introductions offer an introduction to some of life's most interesting topics written by experts for the newcomer they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics from philosophy to freud quantum theory to islam

so you want to write about american indians is the first of its kind an indispensable guide for anyone interested in writing and publishing a novel memoir collection of short stories history or ethnography involving the indigenous peoples of the united states in clear language illustrated with examples many from her own experiences choctaw scholar and writer devon abbott mihesuah explains the basic steps involved with writing about american indians so you want to write about american indians provides a concise overview of the different types of fiction and nonfiction books written about natives and the common challenges and pitfalls encountered when writing each type of book mihesuah presents a list of ethical guidelines to follow when researching and writing about natives including the goals of the writer stereotypes to avoid and cultural issues to consider she also offers helpful tips for developing ideas and researching effectively submitting articles to journals drafting effective book proposals finding inspiration contacting an editor polishing a manuscript preparing a persuasive résumé or curriculum vitae coping with rejection and negotiating a book contract

this revised edition provides an overview of american indian alaska native education from 1928 to 1998

a cross disciplinary study outline of the history of native americans

a comprehensive illustrated encyclopedia which provides information on over 150 native tribes of north america including prehistoric peoples

essays on various aspects of the native american experience

a fully annotated edition of a classic work detailing the cultures of five southeastern american indian tribes during the contact period james adair was an englishman who lived and traded among the southeastern indians for more than 30 years from 1735 to 1768 during that time he covered the territory from the appalachian mountains to the mississippi river he encountered and lived among indians advised governors spent time with settlers and worked tirelessly for the expansion of british interests against the french and the spanish adair s acceptance by the creeks choctaws cherokees and chickasaws provided him the opportunity to record compare and analyze their cultures and traditions adair s written work first published in england in 1775 is considered one of the finest histories of the native americans his observations provide one of the earliest and what many modern scholars regard as the best account of southeastern indian cultures this edition adheres to current standards of literary editing following the original closely and provides fully annotated and indexed critical apparatus

written in an easy to read narrative format this volume provides the most comprehensive coverage of north american indians from earliest evidence through 1990 it shows indians as a people with history and not as primitives covering current ideological issues and political situations including treaty rights sovereignty and repatriation a must read for anyone interested in north american indian history this is a comprehensive and thought provoking approach to the history of the native peoples of north america including mexico and canada and their civilizations for native american courses taught in anthropology history and native american studies

american indian sovereignty and law an annotated bibliography covers a wide variety of topics and includes sources dealing with federal indian policy federal and tribal courts criminal justice tribal governance religious freedoms economic development and numerous sub topics related to tribal and individual rights while primarily focused on the years 1900 to the present many sources are included that focus on the 19th century or earlier the annotations included in this reference will help researchers know enough about the arguments and contents of each source to determine its usefulness whenever a clear central argument is made in an article or book it is stated in the entry unless that argument is made implicit by the title of that entry each annotation also provides factual information about the

primary topic under discussion in some cases annotations list topics that compose a significant portion of an author's discussion but are not obvious from the title of the entry american indian sovereignty and law will be extremely useful in both studying native american topics and researching current legal and political actions affecting tribal sovereignty

in the american indians henry schoolcraft provides a comprehensive and nuanced exploration of indigenous cultures and societies within the united states during the 19th century employing a meticulous ethnographic approach and a rich narrative style schoolcraft delves into the customs languages and histories of various tribes emphasizing their complexities and unique identities his work is nestled within the broader literary context of american romanticism and early anthropological studies where the fascination with the noble savage and the quest for a deeper understanding of native americans were prevalent among contemporary writers and scholars henry schoolcraft an influential figure in american literature and a government geologist was driven by his passion for indigenous rights and knowledge his interactions with various tribes and a deep respect for their traditions allowed him to present their perspectives authentically countering the dominant narratives often perpetuated by euro american society schoolcraft's personal experiences and commitment to preserving native american heritage profoundly informed his writings making him a pivotal voice in the portrayal of indigenous life this seminal work is recommended for readers who seek a deeper understanding of america's indigenous peoples beyond the surface of popular stereotypes the american indians serves not only as a critical historical document but also as a testament to the resilience and richness of native cultures scholars students and general readers alike will find value in schoolcraft's insightful observations and dedication to cultural authenticity

digicat publishing presents to you this special edition of american indians by frederick starr digicat publishing considers every written word to be a legacy of humankind every digicat book has been carefully reproduced for republishing in a new modern format the books are available in print as well as ebooks digicat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature

this one volume narrative history of american indians in the united states traces the experiences of indigenous peoples from early colonial times to the present day demonstrating how indian existence has varied and changed throughout our nation's history although popular opinion and standard histories often depict tribal peoples as victims of u.s. aggression that is only a part of their story in american indians in u.s. history roger l. nichols focuses on the ideas beliefs and actions of american indian individuals and tribes showing them to be significant agents in their own history designed as a brief survey for students and general readers this volume addresses the histories of tribes throughout the entire united states offering readers insight into broad national historical patterns it explores the wide

variety of tribes and relates many fascinating stories of individual and tribal determination resilience and long term success charting indian history in roughly chronological chapters nichols presents the central issues tribal leaders faced during each era and demonstrates that despite their frequently changing status american indians have maintained their cultures identities and many of their traditional lifeways far from vanishing or disappearing into the melting pot american indians have struggled for sovereignty and are today a larger stronger part of the u s population than they have been in several centuries

the native american indians are the group of people that were already in america even before it was discovered by christopher columbus as a people they had their own culture traditions language and beliefs however all that changed when pilgrims arrived in order to preserve their unique culture this ebook was created learn all that you can about the native american indians

american indians in the early west ranges from the development of american indian communities and the first migrations to the arrival of the european and russian settlers to the appearance of anglo american traders in the west around 1800 readers will see that many of the issues arising during this two and a half century period are ones that remain relevant to native americans today political autonomy preserving traditions land and water rights and resisting the intrusions of non indian sovereigns including the newly independent united states there is no way to understand the american west past present and future without understanding the unique perspectives of the incredible variety of its peoples jacket

annual report of the bureau of ethnology to the secretary of the smithsonian institution
