rock of pages provides contexts and close readings of 1980s heavy metal with forty years of hindsight drawing upon analytical frameworks usually associated with literature and literary studies based on decades of work as a professor of literature and as a musician jesse kavadlo analyzes the ways in which 1980s heavy metal aligns with and develops many of the themes prevalent in the canon of literature in doing so the book examines some of the contexts of 1980s heavy metal including cold war the rise of mtv and the formation of the parents music resource center pmrc and subsequent congressional hearings rock of pages takes the pmrc s own objections to heavy metal and uses them as titles and topics to analyze the intersections between heavy metal and literature representations of violence but the connected concerns about justice images of substance abuse and the interrelated issues of obsession madness suicidal ideation sex and love with concomitantly representations of women and relationships between men and women and the references to the occult with the depictions of satan the afterlife and morality on earth itself in doing so the book suggests that 1980s heavy metal displayed more artistry and intelligence than people imagine but that literature is rebellious and subversive as well

despite her chronic illness the french composer lili boulanger 1893 1918 was able to overcome great obstacles and to achieve an unusual degree of both artistic success and public acclaim during her very short lifetime this phenomenon is the more remarkable in that her chosen field is one in which even today women find it difficult to be evaluated solely on artistic merits at the age of nineteen she was the first woman to win the prestigious premier grand prix de rome in composition an award carrying with it extended residence at the famous villa medici in rome even before this recognition was accorded her some of her compositions had been performed by outstanding artists of the day and had received critical praise this first full length study of the life and works of lili boulanger is based almost entirely on sources that have hitherto been unavailable such as family photographs records and documents in the possession of her only surviving relative the eminent music pedagogue mlle

nadia boulanger as well as on personal reminiscences both of nadia boulanger and of friends of the boulanger family further information was secured from newly discovered library and archival sources in addition to the young composer s personal memorabilia correspondence and manuscript scores which have never before been made available for study in order to describe accurately the ambience of the places visited by lili boulanger during her life the author not only undertook the necessary archival research but also personally retraced the travels of the composer through six european countries using the same means of transportation that the young composer had used born into a family with a long tradition of artistic accomplishment surrounded during her twenty four years by a devoted family and friends lili boulanger became a creative productive human being the best of her works especially those she wrote after winning the prix de rome in 1913 display firmness delicacy strength and mastery of compositional technique lili boulanger s musical style ranges from impressionism to a wagnerian vocabulary to post impressionism and growing chromaticism in her last compositions as debussy observed her music undulates with grace the author s analysis of the 91 musical examples from the oeuvre of lili boulanger and the 53 illustrations many drawn from among old family photographs and other privately held manuscript sources provide two of the many highlights of this superior biography
