in this provocative book author dewey goldsmith explores the probability that decades
of failed national policies have changed the character of our country and will lead to a
second war of independence he identifies the social economic and political changes
that deliver free people into common servitude we see the plight of a free people
betrayed by their leaders then he brings to life the flame of liberty in the betrayed in
these pages goldsmith offers an illuminating analysis of the concentration of power in
a corrupt central government we see how apathy fuels the erosion of civil liberties that
lead to autocracy and persecution he makes us ask ourselves could the specter of such
a tragedy someday haunt america
