the second half of the twentieth century was dominated by the unfolding drama of the cold war from the berlin blockade to the fall of the berlin wall a booming global economy has had its sinister shadow in the apparently insoluble crises that have beset much of the third world above all peace in the west has been offset by wars of unbelievable murderousness elsewhere reynolds account is both an overview of the trends underlying this spectacular and awful variety and an insight into the lives led in its midst

a magisterial account of our time by a distinguished historian walter lafeber prize winning author of the clash global change has accelerated at an unprecedented pace in the last half century the trajectory of change points in different directions with the world growing at once more interconnected and more fragmented commerce and migrations television and the world wide suggest a story of growing interconnection while at the same time the proliferation of nation states and the divisions rooted in religion race and material inequality tell of separation and conflict david reynolds s brilliant history captures both themes and grounds them vividly in the people and events of the last fifty years reynolds captures the great political events the cold war the chinese revolution independence movements vietnam and the fall of the soviet union and broader developments economic and population growth the spread of cities vast technological change genetic manipulation and the creation of a digital world carefully avoiding an encyclopedic approach reynolds integrates these themes into a narrative with authority vision and style a volume in the global century series books by outstanding scholars on the history of the world in the twentieth century general editor paul kennedy

in a revisionist account that takes development as its main theme guy reynolds charts the responses of novelists travel writers and literary intellectuals to america s deepening engagement in world affairs following world war ii apostles of modernity offers an original in depth study of the literary manifestations of this period of globalism in novels memoirs essays reportage and political commentary through close readings of texts reynolds revisits and reassesses u s internationalism showing how writers and intellectuals engaged with a cluster of topics decolonization the rise of the third world islamic difference the end of european empires china s enduring significance and transatlantic and cosmopolitan identities a contribution to the study of literary internationalism apostles of modernity establishes new paradigms for understanding america s place in the world and the world s place in america

an impassioned controversial plea for us to recognise the importance of writing history from world famous historian david cannadine david cannadine is one of britain s most distinguished historians and this is his masterpiece the undivided past is an agonised attempt to understand how so much of the writing of history has been driven by a fatal desire to dramatize differences to create an us versus them great works of history have so often had at their heart a wish to sift people in ways that have been profoundly damaging and provided the intellectual backing and justification for terrible political decisions again and again categories have been found whether religion nation class gender race or civilization that have sought to explain world events by

fabricating some malevolent or helpless other this book is above all an appeal to common humanity we seem doomed always to fall most recently in the wake of 9 11 into the us versus them trap but there is no reason why the history we read and write should not be much better than this and describe what we all have in common rather than what divides us about the author sir david cannadine is chair of the national portrait gallery dodge professor of history at princeton university and general editor of the penguin history of europe and penguin history of britain he is a fellow of the british academy and the chair of the blue plaques committee his major books include the rise and fall of the british aristocracy ornamentation and mellon a life he is currently writing the penguin history of victorian britain he has previously taught at cambridge columbia and london universities

in wilsonianism american foreign relations specialist lloyd e ambrosius has compiled his published and unpublished essays on woodrow wilson s liberal ideology and statecraft during and after world war i although the president failed in his pursuit of a new world order his legacy of wilsonianism the principles of national self determination economic globalization collective security and progressive historicism continued to shape u s foreign relations throughout the american century ambrosius examines the american roots of wilson s liberal internationalism the dilemmas and contradictions in his principles and the problematic consequences of u s efforts to implement wilsonian ideals without fully appreciating the world s cultural pluralism as well as its economic and political interdependence offering a pluralist variant of the realist tradition in international relations ambrosius stresses the centrality of power but maintains that culture and political economy as well as military strength determine the balance of power within and among nations or empires consequently he concludes making the world safe for democracy has been more problematic in practice both at home and abroad than proclaiming wilsonian principles in the abstract

a beautifully illustrated textbook of the history theory and current state of international organizations which increasingly oversee aspects of international affairs and the world s transition to a new global order this new and timely textbook recounts the historical and theoretical development of the international system in a lively analysis o

the year 2008 will be remembered as the moment when the us elected its first african american president this revealing book seeks to place the extraordinary rise of barack obama within the larger context of a possible historic political realignment in the us and of limits to us power in the world for 2008 also offered a number of history lessons that will surely inform studies of the election and its aftermath carl pedersen s book is an attempt to engage with these history lessons it examines the demographic

changes that will likely change the nature of american national identity and it assesses the extent to which the grassroots organizations that were crucial in winning the election for obama may influence the way he will govern the nation obama s america also attempts to map out the contours of an obama doctrine in foreign policy by looking at how his identity has shaped his views on the role of the us in the world and how he in turn has been influenced by his foreign policy advisers it examines the challenges obama faces in confronting a post american world in which the us is no longer the sole superpower will obama be a transformative president

this collection of 35 readings is designed to allow students to look at international relations issues from perspectives other than that of the united states

the global market of the 21st century came into existence to produce products and services for mass consumption its purpose is to create consumer cultures in nations that fully participate in its benefits it is the product of cooperation among industrial nations following world war ii seavoy traces out the evolution of the global market from its foundations in imperial commercial rivalries of the mid 15th century to the present the global economy rests on the foundation of imperial commercial rivalries that began when columbus sailed west to america and da gama sailed east to india thereafter spanish and portuguese global commerce was challenged by the dutch english and french during the 19th century these nations rapidly expanded into the political vacuum of africa and elsewhere because industrialization gave them and germany japan and russia the power to intrude into subsistence cultures worldwide after world war ii the political leaders of the united states and western europe were determined to end the imperial commercial rivalries that had contributed to world war i and world war ii imperial commercial rivalries would be replaced by cooperative commercial politics among the principal industrial nations behind the shield of nato western european nations and the united states devised rules and institutionalized them in the world trade organization international monetary fund european union and nafta that rapidly increased the volume of global trade as seavoy points out increasing trade had three purposes full employment in industrial nations which in turn would create the political stability needed for democratic governance and the production of an abundance of products so that the citizens of participating nations could enjoy the benefits of consumer cultures the creation of consumer cultures required the dissolution of obsolete empires and concentrating production on products for export among industrial nations nations that failed to fully participate rapidly fell behind in acquiring the technologies and

management skills necessary to produce the abundance of products that could create consumer cultures the global market and its derivative consumer cultures could only have come into existence during the peace following world war ii in seavoy s analysis the absence of world wars results in a world where global economy and peace are synonymous terms this is a sweeping synthesis that will be of interest to scholars students and the reading public interested in economic development and world economic history

a scholar gentleman in the old style a northern non conforming radical an academic steeped in oxford traditions a late 20th century media personality one of the most outstanding historians of his age a j p taylor was all of these he wrote about traditional historical subjects in a traditional manner and took narrative history to new heights and was equally at home with a critical academic as with a vast popular audience this biographical study of a j p taylor includes details of taylor s privileged and cosseted childhood the effect of his close but combative and stimulating family the dissenting and nonconformist tradition and his time as teacher broadcaster journalist and historian it attempts to evaluate how far he fulfilled his aim and conviction as to the importance of history and its place at the heart of national consciousness

a history of the modern world is a careful well written narrative of major events from the late middle ages to the political and religious conflicts at the beginning of the twenty first century it offers a wide ranging survey that helps readers understand both the complexities of great events e g the french revolution the first world war or the collapse of great imperial systems and the importance of historical analysis it also provides a careful summary of the modern political changes that have affected the social and cultural development of all modern cultures throughout the book s lifetime a history of the modern world has been hailed as an elegantly written historical narrative filled with analysis and balanced historical insights as well as its traditional attention to the processes of historical change conflict and political transformations the tenth edition has been updated to include the clear maps the survey of global economic connections the chronologies the illustrations and the up to date bibliographies that today s students need and expect publisher

following the work of john lewis gaddis historians have been reassessing the legacy of the cold war and producing a new cold war history alexander trapeznik and aaron fox an independent historian based in new zealand hope to introduce the new cold war historiography to the context of new zealand through the presentation of these ten papers beginning with gaddis own observations on the overall questions of the project papers proceed to discuss new zealand s cold war defence policy the relationship of

communist party of new zealand with their australian counterparts and the comintern the response of new zealand s labour movement to international communism new zealand china relations and soviet views of new zealand

emphasizing the role of power in american history this textbook recounts the country s transformation from a collection of indigenous hunter gatherer societies into a global hegemon chapters progress chrono thematically focusing on trends like settlement and colonization revolution and republicanism the emergence of the market jacksonian democracy manifest destiny slavery and the civil war reconstruction industrialization the progressive movement the world wars the great depression containment and vietnam a companion cd rom contains chapter summaries commentary and review exercises annotation 2004 book news inc portland or booknews com
