the art of living aesthetics of the ordinary in world spiritual traditions is the first truly multi cultural philosophy of art it develops a new theory of what art is and discusses it in relation to zen buddhism taoism and hinduism as well as native american african and african american traditions

have we completely missed the point of the modern western revolution in the arts hugh moss thinks so and here he presents a refreshingly original and thought provoking new approach to understanding art it not only makes sense of western art over the past century or more but applies equally to the art of any culture at any time all within one enlightening framework that well works this new perspective is impossible to ignore a theory that places art right at the centre of the evolution of human consciousness as a key driver of the process argued with intelligence panache and wit the art of understanding art provides a delightfully entertaining read that will change the way you think about and look at art whether you are a collector or would like to be a connoisseur an academic a student or of course an artist or would like to be it is illustrated with intriguing skill depth and humour by peter suart

the field of art and religion is fast becoming one of the most dynamic areas of religious studies uniquely the art of the sacred explores the relationship between religion and the visual arts and vice versa within christianity and other major religious traditions it identifies and describes the main historical theological sociological and aesthetic dimensions of religious art with particular attention to popular as well as high culture and within societies of the developing world it also attempts to locate and predict the forms and functions of such art in a changing contemporary context of obligation modernity secularism and fundamentalism the author concentrates on four chief dimensions where religious art and religious belief converge the iconographic the didactic the institutional and the aesthetic this clear well organised and imaginative treatment of the subject should prove especially attractive to students of religion and visual culture as well as to artists and art historians

some may possibly wonder to find here no record of ballet in italy or at the opera houses of madrid lisbon vienna buda pest berlin copenhagen stockholm warsaw or st petersburg not to speak of the united states and south america this however would be to miss somewhat the author s purpose which is not to trace the growth of ballet in every capital where it has been seen to do so effectively was hardly possible in a single volume a whole book might well be devoted to the history of the art in italy alone herein only touched upon as it came to have a vital influence on france and england in the nineteenth century we have already had numerous volumes dealing with russian ballet and since the

ground has been extensively enough surveyed in that direction there could be no particular advantage in devoting more space to the subject than is already given to it in this work the purpose of which only is to present as far as possible from contemporary sources some leading phases of the history of the modern art of ballet as seen more particularly in france and england

henry james criticized the impressionism which was revolutionizing french painting and french fiction and satirized the british aesthetic movement which championed impressionist criticism yet time and again he used the word impression to represent the most intense moments of consciousness of his characters as well as the work of the literary artist henry james and the art of impressions argues that the literary art of the impression as james practised it places his work within the wider cultural history of impressionism henry james and the art of impressions offers an unprecedentedly detailed cultural and intellectual history of the impression it draws on philosophy psychology literature critical theory intellectual influences and aesthetics to study james s early art criticism literary criticism travel writing prefaces and the three great novels of his major phase the ambassadors the wings of the dove and the golden bowl it argues that the coherent philosophical meanings of the jamesian impression emerge when they are comprehended as a family of related ideas about perception imagination and aesthetics bound together by james s attempt to reconcile the novel s value as a mimetic form and its value as a transformative creative activity henry james and the art of impressions traces the development of the impression across a range of disciplines to show how james s use of the word owes them cultural and intellectual debt it offers a more philosophical account of james to complement the more historicist work of recent decades

from t j clark comes this provocative study of the origins of modern art in the painting of parisian life by edouard manet and his followers the paris of the 1860s and 1870s was a brand new city recently adorned with boulevards cafes parks great exhibitions and suburban pleasure grounds the birthplace of the habits of commerce and leisure that we ourselves know as modern life a new kind of culture quickly developed in this remade metropolis sights and spectacles avidly appropriated by a new kind of consumer clerks and shopgirls neither working class nor bourgeois inventing their own social position in a system profoundly altered by their very existence emancipated and rootless these men and women flocked to the bars and nightclubs of paris went boating on the seine at argenteuil strolled the island of la grande jatte enacting a charade of community that was to be captured and scrutinized by manet degas and seurat it is clark s cogently argued and profusely illustrated thesis that modern art emerged from these painters attempts to represent this new city and its inhabitants concentrating on three of manet s greatest works and seurat s masterpiece clark traces the appearance and development of the artists favorite themes and subjects and the technical innovations that they employed to depict a way of life which under its liberated pleasure seeking surface was often awkward and anxious through their

paintings manet and the impressionists ask us and force us to ask ourselves is the freedom offered by modernity a myth is modern life heroic or monotonous glittering or tawdry spectacular or dull the painting of modern life illuminates for us the ways both forceful and subtle in which manet and his followers raised these questions and doubts which are as valid for our time as for the age they portrayed
