consumer behaviour is one of the most explored topics in tourism and hospitality marketing interchangeably denoted by the terms traveller behaviour tourist behaviour or guest behaviour consumer behaviour acts as an origin for every tourism and hospitality marketing activity it offers

an understanding of why people tend to choose certain products or services and what sort of factors influence them in making their decision the decision process of buying tourism products or services takes time because they are mostly intangible in nature due to which there are many risks involved in their buying process the routledge handbook of consumer behaviour in hospitality and tourism aims to explore and critically examine current debates critical reflections of contemporary ideas controversies and pertinent queries relating to the rapidly expanding discipline of consumer behaviour in hospitality and tourism the handbook offers a platform for dialogue across disciplinary and national boundaries and areas of study through its diverse coverage it is divided into six parts part i offers an overview of consumer behaviour part ii focuses on the service quality perspectives of consumer behaviour part iii deliberates on customer satisfaction and consumer behaviour linkages part iv explores the re patronage behaviour of consumers part v addresses the vital issues concerning online consumer behaviour and part vi elaborates upon other emerging paradigms of consumer behaviour although there is no dearth of empirical studies on different viewpoints of consumer behaviour there is a scarcity of literature providing conceptual information the present handbook is organised to offer a comprehensive theoretical body of knowledge narrating consumer behaviour especially for hospitality and tourism businesses and operations it attempts to fill this research gap by offering a globalised volume comprising chapters organised using both practical and academic approaches this handbook is essential reading for students researchers and academics of hospitality as well as those of tourism marketing international business and consumer behaviour

this book offers a clear up to date comprehensive and theoretically informed introduction to criminal psychology exploring how psychological explanations and approaches can be integrated with other perspectives drawn from evolutionary biology neurobiology sociology and criminology drawing on examples from around the world it considers different types of offences from violence and aggression to white collar and transnational crime and links approaches to explaining crime with efforts to prevent crime and to treat and rehabilitate offenders this revised and expanded second edition offers a thorough update of the research literature and introduces several new features including detailed international case studies setting the scene for each chapter promoting real world understanding of the topics under consideration a fuller range of crime types covered with new chapters on property offending and white collar corporate and environmental crime detailed individual chapters exploring prevention and rehabilitation previously covered in a single chapter in the first edition an array of helpful features including learning objectives review and reflect checkpoints annotated lists of further reading and two new features research in focus and criminal psychology through film this textbook is essential reading for upper undergraduate students enrolled in courses on psychological criminology criminal psychology and the psychology of criminal behaviour designed with the reader in mind student friendly and innovative pedagogical features support the reader throughout

this new edition builds on the strengths and successes of the first edition and has been fully updated to reflect changes in the world of work following the global financial crisis the authors combine a managerial approach focusing on practical real world applications with a rigorous critical perspective that analyses the research behind the theories the text addresses alternative theoretical perspectives in parallel to the introduction of new worldwide cases and examples new pedagogical features such as the ethical dilemma and critical thinking boxes reinforce the critical approach the concise coverage of the core topics can be applied to both one semester and year long teaching and learning patterns
