can reason and religion get together should believers think can thinking people
believe does religion have to make sense does careful thinking help or hinder
religious experience people have wrestled with such questions for hundreds of
years and they are just as perplexing today as ever reason the contours of faith
explores the wide ranging issues these questions raise from biblical
interpretation and proofs for god s existence to the nature of religious
conversion its central purpose is to find an alternative to both fideism the idea
that reason has nothing to do with faith and rationalism the conviction that

reason has everything to do with it part one reason and the contents of faith argues that reason contributes in important but limited ways to our understanding of religion part two reason and the experience of faith shows that reason can support religious commitment but never produces it

digital image processing and machine vision have grown considerably during the last few decades of the various techniques developed so far splines play a significant role in many of them this book deals with various image processing and machine vision problems efficiently with splines and includes the significance of bernstein polynomial in splines detailed coverage of beta splines applications which are relatively new splines in motion tracking various deformative models and their uses finally the book covers wavelet splines which are efficient and effective in different image applications

the 7th international conference on embedded and multimedia computing emc 12 will be held in gwangju korea on september 6 8 2012 emc 12 will be the most comprehensive conference focused on the various aspects of advances in embedded and multimedia em computing emc 12 will provide an opportunity for academic and industry professionals to discuss the latest issues and progress in the area of em in addition the conference will publish high quality papers which are closely related to the various theories and practical applications in em furthermore we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject the emc 12 is the next event in a series of highly successful international conference on embedded and multimedia computing previously held as emc 2011 china aug 2011 emc 2010 philippines aug 2010 em com 2009 korea dec 2009 umc 08 australia oct 2008 eso 08 china dec 2008 ums 08 korea april 2008 ums 07 singapore jan 2007 eso 07 taiwan dec 2007 eso 06 korea aug 2006
