a guide to turning survival in the workplace into successful management hard core management features 100 case studies of business myths and management realities and offers practical solutions for bridging the gap

an updated edition of the classic history of schizophrenia in america which gives voice to generations of patients who suffered through cures that only deepened their suffering and impaired their hope of recovery schizophrenics in the united states currently fare worse than

patients in the world's poorest countries in *mad in america* medical journalist robert whitaker argues that modern treatments for the severely mentally ill are just old medicine in new bottles and that we as a society are deeply deluded about their efficacy the widespread use of lobotomies in the 1920s and 1930s gave way in the 1950s to electroshock and a wave of new drugs in what is perhaps whitaker's most damning revelation *mad in america* examines how drug companies in the 1980s and 1990s skewed their studies to prove that new antipsychotic drugs were more effective than the old while keeping patients in the dark about dangerous side effects a haunting deeply compassionate book updated with a new introduction and prologue bringing in the latest medical treatments and trends *mad in america* raises important questions about our obligations to the mad the meaning of insanity and what we value most about the human mind

gold is not what we think it is usually discussed in the context of wealth and art but this book has a broader subject so fundamental that it has been largely unremarked informed by a mass of recent discoveries and a south american indigenous perspective it offers a new way of understanding the history of civilization gold has been coinage treasure and adornment but it has been much more as the hidden driver of wars and revolutions the rise and fall of empires and the transformation of societies as the sun traveled east to west across the sky gold incorruptible and corrupting flowed west to east hand to hand across the world that flow has brought empires to grow and collapse and driven plunder conquest and colonization it brought about wars and revolutions empowered new forms of arts and science and created the capitalist consumer economy that dominates us now all the gold people ever shaped still exists shining as new it can be mislaid but never decays right from its first appearance on the west shore of the black sea long before the rise of egypt and mesopotamia gold crowned the first proto king ever since it has been regarded as value incarnate with transcendental power the quantity we take has been increasing steadily for 6 500 years now extraction accelerates our gold mountain has doubled in the last fifty years yet its price increases faster while the quantity doubled its buying power multiplied by six what does gold do that makes us want it so much as alan ereira reveals in this skilfully woven narrative gold is the hidden actor that shapes our story

a modern day quest that echoes the ancient alchemists work to discover the elixir of life provides an overview of alchemical practices in the ancient world from europe to china reveals the alchemical secrets for creating this elixir in clear scientific language in 1989 while attempting to extract precious minerals from his property a wealthy arizonan obtained a mysterious white material that initially defied scientific attempts to identify it after several years of testing this substance was revealed to consist of gold and platinum but in a form unknown to modern science further research showed that this powder which had also been discovered to possess marvelous healing powers contained monatomic forms of precious metals whose electron units had been altered to no longer display the physical chemical or electrical properties of the original elements this substance robert cox shows bears eerie resemblance to the ultimate quest of the alchemists the elixir of immortality the mysterious material spiritual science of alchemy was once pervasive throughout the ancient world spanning the globe from china and india to egypt and medieval europe in the elixir of immortality robert cox reviews the alchemical lore of

these traditions and the procedures each used to produce this fabulous elixir using his own alchemical research cox then reveals secrets that have been kept hidden for millennia uncovered in his own modern day quest to rediscover this long sought elixir of life

the twentieth century was astonishing in all regards shaking the foundations of practically every aspect of human life and thought physics not least of all beginning with the publication of albert einstein s theory of relativity through the wild revolution of quantum mechanics and up until the physics of the modern day including the astonishing revelation in 1998 that the universe is not only expanding but doing so at an ever quickening pace much of what physicists have seen in our universe suggests that much of our universe is unseen that we live in a dark cosmos everyone knows that there are things no one can see the air you re breathing for example or to be more exotic a black hole but what everyone does not know is that what we can see a book a cat or our planet makes up only 5 percent of the universe the rest fully 95 percent is totally invisible to us its presence discernible only by the weak effects it has on visible matter around it this invisible stuff comes in two varieties dark matter and dark energy one holds the universe together while the other tears it apart what these forces really are has been a mystery for as long as anyone has suspected they were there but the latest discoveries of experimental physics have brought us closer to that knowledge particle physicist dan hooper takes his readers with wit grace and a keen knack for explaining the toughest ideas science has to offer on a quest few would have ever expected to discover what makes up our dark cosmos

etidorhpa is an early science fiction novel depicting a man's descent into the bowels of the earth at the instigation of a mysterious secret society. It is presented here complete with the original illustrations. Llewellyn Drury is visited by a mysterious old man whose defining physical feature is his large protruding forehead. The man offers to tell his story, promising that his life and knowledge is worth writing down. Being as the man displays certain entralling and supernatural powers, Drury assents to the task. etidorhpa is this story interspersed with pauses wherein Drury questions his strange houseguest. John Uri Lloyd was a popular author of mystery and science fiction books. His profession however was pharmacology with his specialism being herbal medicines and ethnobotanicals. The presence of giant mushrooms in one portion of the story plus the various fantastical elements described have led some readers to speculate that the author's knowledge of mind altering substances influenced etidorhpa's plotting. Some sixty five illustrations populate the pages of this book. They depict the stages of the journey plus some of the scientific and metaphysical concepts explored.
