apr 13 2024 i have been using the basic plan on suno to make some songs as a trial a few of them have turned out really well i m wondering if i decide to subscribe to suno later to make

thoughts on suno ai from a working musicians perspective ok so background i was trained for the first 21 years of my life as classical musician yadda yadda conducted a few concerts then

personally i think suno is great at making formulaic music but like with image generating ai it suffers from a lack of creativity i don t think it

will be pioneering any new genres just like

music ai works by diffusion random noise is generated and then the noise is reduced until music is left i think suno does the vocals separate and mixes em in

thoughts on suno ai just learned about suno the other day and tried it out for anyone that doesn t know it s an ai music generation tool and quite honestly its fantastic has anyone had

when ai or a human hears that song then it s drawn on as influence to make new music get too close to that composition and the original rights holder can claim infringement

suno ai tags here s a list of suno style of music tags to make your life easier genres rock pop hip hop rap jazz blues r b soul classical metal electronic dance country folk

apr 5 2024 you only get 5 generations a day and its unusable now because its permanently on high load are there any other free alternatives

jan 28 2024 i ve experimented with many styles of music and i believe i ve invented sub genres in doing so this software is amazing it has sharpened my vocal delivery in my non ai

the thing i love about it most is finally being able to hear what music people have had inside them all along and were never able to get out it s the same with image generation and people who
