for more than 20 years network world has been the premier provider of information intelligence and insight for network and it executives responsible for the digital nervous systems of large organizations readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce

the nineteenth century saw the american circus move from a reviled and rejected form of entertainment to the greatest show on earth circus life by micah d childress looks at this transition from the perspective of the people who owned and worked in circuses and how they responded to the new incentives that rapid industrialization made

possible the circus has long been a subject of fascination for many as evidenced by the millions of americans that have attended circus performances over many decades since 1870 when the circus established itself as a truly unique entertainment enterprise yet the few analyses of the circus that do exist have only examined the circus as its own closed microcosm the circus family circus life on the other hand places circus employees in the larger context of the history of us workers and corporate america focusing on the circus as a business entertainment venture childress pushes the scholarship on circuses to new depths examining the performers managers and laborers lives and how the circus evolved as it grew in popularity over time beginning with circuses in the antebellum era childress examines changes in circuses as gender balances shifted industrialization influenced the nature of shows and customers and crowds became increasingly more middle class as a study in sport and social history childress s account demonstrates how the itinerant nature of the circus drew specific types of workers and performers and how the circus was internally in constant upheaval due to the changing profile of its patrons and a changing economy
